A plan of accounts for non-profit making international organizations

by M. MOMMEN

Administrator General, Académie Internationale de Comptabilité

Administrative financial problems face every international organization in whatever country its headquarters are established, whether or not it has legal status and whether it groups together millions or a few hundred individuals.

In the following pages we publish, with the kind permission of the author, an extract from a study on The Financial administration of international non-governmental organizations and all other non-profit making organizations (with or without legal status).

The pilot plan in four languages outlined below is an adaptation of the International Plan of Accounts drawn up by M. Mommen. It is, of course, a model from which each organization can adopt or borrow what is most suitable or necessary in their own case.

DEUTSCHE LOTSEPLAN

Klasse 1

1 — INVESTIERUNGEN (Investitionen)

Kapital u. Fonds das dem Verband langfristig zur Verfügung stehen (in ilire abstrakten Form).

- 10 Kapital
- 12 Rücklagen
- 14 übertrage
- 16 Anleihen
- 18 Re-Investierungen

Klasse 2

2 — AUSRÜSTUNGEN

Der Organisation und der Verwaltung des Verbandes dienende Einrichtungen, Werkzeuge, Maschinen, mit einer Nutzungsdauer von mehr als einem Jahr.

- 20 Immatérielles, Anlagevormögen (Konzessionen, Patente, Lizenzen, Marken- u. ähnliche Rechte)
- 21 Im Bau befindliche Anlagen
- 23 Gebäude
- 24 Installationen
- 25 Masehinen u. maschinelle Anlagen...
- 26 Mobilien
- 28 Abschreibungen

(Folgt Seite 162)

ENGLISH PILOT PLAN

Class 1

1 — INVESTMENTS

Capital or funds at the disposition of the Association (in their abstract form).

- 10 Capital*
- 12 Reserves*

Un plan comptable pour les organisations internationales sans but lucratif

par M. MOMMEN

Administrateur Général, Académie Internationale de Comptabilité

Les problèmes de gestion financière se posent à toute organisation internationale dans quelque pays que soit établi son siège, qu'elle ait ou non la personnalité civile, qu'elle groupe des millions ou quelques centaines d'individus.

Nous publions ci-dessous avec l'aimable autorisation de l'auteur, un extrait d'une étude sur « La Gestion financière des organisations internationales non gouvernementales et toutes autres sans but lucratif (avec ou sans personnalité civile) ».

Le plan-pilote en quatre langues ci-dessous est une adaptation du Plan Comptable International mis au point par M. Mommen. Il s'agit évidemment d'un modèle dont chaque association adopte ou emprunte ce qui convient, ce qui lui est nécessaire.

PLANO PILOTO ESPANOL

Clase 1

1 — INVERSIONES (inversiones)

Comprende todos los capitales o fondos que se encuentran a disposición de la asociación (en forma abstracta, inmaterial).

- 10 Capital
- 12 Reservas
- 14 Rémanentes
- 16 Empréstitos
- 18 Reinversiones

Clase 2

2 — EQUIPOS

Agrupados los elementos, materiales o máquinas que facilitan el desarrollo de la organización y funcionamiento de la administración (cuyo estado de utilización — resistencia al desgaste — es superior a un año).

- 20 Inmateriales (Patente, licencia, derecho de explotación...)
- 21 En curso
- 23 Inmuebles
- 24 Instalaciones
- 25 Materiales, máquinas...
- 26 Mobiliarios
- 28 Amortizaciones

(Continuacion pagina 163)

PLAN-PILOTE FRANÇAIS

Classe 1

1 — INVESTISSEMENTS

Tous capitaux et fonds se trouvant à la disposition de l'association (dans leur forme abstraite, immatérielle).

- 10 Capital
- 12 Réserves
- 14 Reports
- 16 Emprunts
- 18 Réinvestissements

Classe 2

2 — EQUIPEMENTS

Tous mécanismes, matériels, machines, facilitant l'organisation et l'administration de l'association (dont la résistance à l'usure et au temps s'étend sur plus d'une année).

- 20 Immatériels (Brevets, licence, droits d'exploitation...)
- 21 En cours
- 23 Immeubles
- 24 Installations
- 25 Matériels, machines...
- 26 Mobiliers
- 28 Amortissements

(Suite page 163)

65 Steuern und Abgaben
 68 Abschreibungen (Gebäude, Maschinen,
 Mobilien)

N.B. : Diese Klassifikation muss nicht unbeding-
 t typisch sein; sie soll elastisch bleiben u.
 den jeweiligen besonderen Informationsbe-
 dürfnissen des Verbandes und des einzelnen
 Falles entsprechen. Der Informationsbedarf
 hängt ab von der Grosse des Verbandes, dem
 Grad der Rechenschaftslegung, dem Wunsch
 nach Information oder den Erfordernissen der
 Generalversammlung.

Klasse 7

7 — PRODUKTION

(Evtl. weitere Aufgliederung der Aufwen-
 dungen). Um einen tieferen Einblick in die
 Leistungen des Verbandes zu ermöglichen,
 wie sie sich aus der Klasse 6 ergeben, kann
 sich eine weitere Unterteilung, Aufgliederung
 oder Umverteilung der Aufwendungen bzw.
 Kosten in der Klasse 7 empfehlen. (Der in
 der PCI-Terminologie für die Klasse 7 ver-
 wendete Begriff Produktion sollte aus Grün-
 den der Einheitlichkeit und des Vergleichs
 beibehalten werden; er würde insoweit eine
 begriffliche Verallgemeinerung erfahren).

Soweit es erforderlich ist, könnten in der
 Klasse 7 Neben einer allgemeinen zusätzli-
 chen Aufgliederung der Aufwendungen bzw.
 Kosten der Klasse 6 auch evtl. eine Budge-

(Folgt Seite 168)

6323 Stationery
 6324 Printing (statutes, member
 cards...)
 6325 Documentation (books, news-
 papers, subscr. to... congress)

633 Various organisations
 6330 Editions and special publications

6331 Rent of Equipment
 6332 Accessories
 6333 ...

634 Special sundry costs
 6340 Donations, flowers...
 6341 Breakages, burglary, accidents...
 6342 ...

64 Financial costs (bank charges, post office
 account charges)

65 Income tax, taxes, duties
 68 Depreciation : building, machinery, furni-
 ture. ...

N.B. : This is only an outline of the classi-
 fication which must remain flexible. It must
 be adapted to the need of the information
 required in each particular case, having re-
 gard to the importance of each association,
 the degree of honesty of the management, the
 wish for information or the requirements of
 the General Assembly.

Class 7

7 — PRODUCTION

To know the details of the services furnish-
 ed or rendered by the association, noted in
 Class 6, one allocates the Costs in class 7.
 (The term Production should be interpreted
 in a broad collective sense to permit eventual
 comparisons and confrontations from which
 the most useful lessons can be learned).

This analytical classification is only recom-
 mended when it is necessary to investigate
 thoroughly the expenses of the management
 or the overall cost of the management and of
 the organisation. One can find in it more in-
 formation to facilitate the preparation of
 provisional budgets.

The purpose of the following accounts is
 therefore to classify « by use » the expenses

(Continued on page 168)

6323 Artículos de oficina
 6324 Impresos administrativos

6325 Documentación interior, libros, cuotas por... congresos

633 Organizaciones diversas
 6330 Ediciones documentas especiales

6331 Alquiler de aparatos
 6332 Accesorios
 6333 ...

634 Varios gastos especiales
 6340 Obsequios (flores, decoración)
 6341 Robo, roturas accidentes...

6342 ...

64 Gastos financieros (Bancos, cheq. post.)

65 Impuestos, contribuciones, tasas
 68 Amortisaciones (v.C. 28)

N.B. Esta clasificación se indica a título meramente enunciativo, pudiendo ser adaptada a las necesidades de información en cada caso particular, según la importancia de cada asociación el grado de honrades de la gestión y el deseo o las exigencias de la Asamblea general.

Clase 7

7 — PRODUCCION

En esta clase se agrupan aquellas cuentas que permitirán couocer los detalles de los servicios proporcionades o prestados por la asociación, conforme a su clasificación en « Clase 6 », pero distribuidos como aquí se indican. (El termino « Producción » debe ser interpretado ampliamente, con verdadero deseo de comprensión colectiva y uniformidad de miras, a fin de que permita, llegado el caso, comparaciones y confrontacioues utiles para el máximo aprovechamiento de sus enseñanzas).

Esta clasificación, aunque resumida, se recomienda cuando interese estudiar a fondo los gastos de gestión o los costos globales de gestión y de organización. En ella pueden

(Coninuación página 169)

6323 *Papeteries diverses*
 6324 *Imprimés div. (Statuts, cartes de membres)*
 6325 *Documentation interne : livres journaux, cottis. à... congrès...*

633 *Organisations diverses*
 6330 *Editions, publications spéciales*

6331 *Locations appareils*
 6332 *Accessoires*
 6333 ...

634 *Débours spéciaux divers*
 6340 *Cadeaux (fleurs, décors, ...)*
 6341 *Vols, casses, accidents...*

6342 ...

64 *Frais financiers (Banques, chèq. post.)*

65 *Impôts, taxes, contributions*
 68 *Amortissements (immeub., mater, mobil.)*

Cette classification n'est qu'indicative; elle doit rester très souple et doit être adaptée aux besoins d'information de chaque cas en particulier, selon l'importance de l'association, le degré d'honnêteté de la gestion, le désir d'information ou les exigences de l'Assemblée générale.

Clase 7

7 — PRODUCTION

Pour connaître les détails des services fournis ou rendus par l'association, notés en Classe 6, on répartit les coûts dans la Classe 7. (Le terme « Production » doit être accepté dans un esprit de large compréhension collective, d'uniformité de vue, afin de permettre — éventuellement — des comparaisons des confrontations et tirer profit de leurs enseignements).

Cette classification dépouillée n'est recommandée que s'il y a utilité à investiguer de façon approfondie dans les frais de gestion ou les coûts globaux de gestion et d'organisation. On peut y trouver plus d'indications facilitant l'établissement des budgets prévisionnels.

(Suite page 169)

tierung vorbereitende Konten untergebracht werden. Die folgenden Konten sollen daher beispielhaft die in der Klasse 6 nach Arten zusammengefassten Aufwendungen bzw. Kosten weiter aufgliedern.

ZB. Um die Kosten für Übersetzung bei einem Kongress, einer Konferenz oder einer Veröffentlichung feststellen zu können, wäre es erforderlich, die vorläufig auf dem Konto 60 verbuchten Löhne und Gehälter in der Klasse 7 weiter aufzuteilen, vgl. 7055, 7202, 732, oder 744.

70 Zeitschriften (Selbstverlag)

- 700 Januar Nr
 - 7000 Matrizen
 - 7001 Papier
 - 7002 Druckfarbe
 - 7003 Drucksachen, Umschläge
 - 7004 Versand
 - 7005 Honorare Mitarbeit. Autor.
 - 7006 Verwaltung (% Klasse 6)
 - 7007 Abschreibungen (id).

 - 7202 Aufwendungen für Referate, Leitung, Übersetzer...

or charges accumulated « by nature » in Class 6.

For example the costs of translation paid for a Congress, Lecture or a Publication, will be found readily if they have been originally allocated or extracted from account « 60 Salary, wages » and carried into sub division 7005 or 7202 or 732 or 744 in Class 7.

70 Periodical bulletin (unless printed)

- 700 January n°
 - 7000 Stencils
 - 7001 Paper
 - 7002 Ink
 - 7003 Wrappers and envelopes
 - 7004 Postage or delivery
 - 7005 Paid to authors, contributors...
 - 7006 Organisation and Management
 - 7007 Depreciation (% Class 6)
 - 7008 Sundry costs
- 701 February issue
- 702 March issue
- 703 ...
- 71 Association meetings
 - 710 General Assembly
 - 7100 Hire of rooms
 - 7101 Convocations and printing
 - 7102 Travelling exp. of delegates...
 - 7103 Decoration, flowers, etc...
 - 7104 Catering expenses (drinks...)
 - 7105 ...
 - 711 Committee meetings
 - 712 Research and study groups
 - 713 Extraordinary meetings
 - 714 Various manifestations or ceremonies
 - 715 ...
- 72 Lectures
 - 720 Lecture... subject... date...
 - 7200 Hire of room
 - 7201 Hire of equipments
 - 7202 Fees to lecturer, translat.

(Folgt Seite 170)

(Continued on page 170)

anadirse mas indicaciones que faciliten la confección de presupuestos provisionales, pero perfectamente ajustados a los costes reales.

Estas costes deben ser « afectadas » según destino de los gastos y cargas por « naturaleza » detalladas en Clase 6.

Por ejemplo : Para conocer los gastos de traducción pagados con motivo de la celebración de un congreso, conferencia, etc., se obtendrá fácilmente la información si han sido previamente distribuidos o extraídos de la cuenta « 60 Réuniones diversas » o « Salarios » y llevadas en subdivisiones 7005 6 7202, 732 6 744, en Clase 7.

70 Boletín de información periódica (salvo si se encarga a la imprenta)

700 N° de Enero

7000 Stencils

7001 Papel

7002 Tinta

7003 Fajas dirección y sobres

7004 Expédition

7005 Rétribution auteurs y colaboradores

7006 Organization, administration

7007 Amortizaciones

7008 Gastos varios

701 NO Febrario

702 NO Marzo

703 ...

71 Reuniones de la asociación

710 Asamblea general

7100 Alquiler salas o salones

7101 Convocatorias e impresos

7102 Gastos para delegados

7103 Décoration de salas, flores...

7104 Comidas y otros gastos

7105 ...

711 Juntas

712 Reuniones de Comisiones

713 Reuniones extraordinarias

714 Manifestaciones varias

715 ...

72 Conferencias

720 Conferencia sobre (tema, fecha)

7200 Alquiler de locales

7201 Alquiler de aparatos

7202 Retribucion del conferenciante

Par exemple : Les comptes suivants sont donc destinés à l'affectation « par destination » des dépenses et/ou charges « par nature » accumulés en Classe 6.

Pour connaître les frais de traductions payés à l'occasion d'un congrès, d'une conférence ou d'une publication, on les découvrira facilement s'ils ont été préalablement répartis ou extraits du compte « 60 Réunions diverses » ou « salaires » et portés en subdivisions 7005 ou 7202 ou 732 ou 744 en Classe 7.

70 Bulletin périodique (sauf si confectionné par imprimerie)

700 N° Janvier

7000 Stencils

- 742 Saal Z (») New York

innerhalb dieser Gruppen weitere Unterteilung wie oben.

Klasse 8

8 — DISTRIBUTION

Verhältnissen mit Erlöse, Erträge, Vergütungen : Aufgliederung der von den Mitgliedern vereinnahmten Beträge (Anteile, Kostenbeteiligungen Tagungsgebühren, Eintrittskarten) entsprechend der Dienstleistungen des Verbandes.

- 80 Abonnements Zeitschrift
- 81 Anzeigen
- 82 Erlöse aus anderen Veröffentlichungen
- 83 Tagungs- und Eintrittsgebühren
- 830 Konferenzen

- 831 Kongresse
- 832 Ausstellungen

- 86 Sonstige Erlöse bzw. Erträge

(Folgt Seite 172)

- 7203 Reception, flowers, etc...
- 721 Other lectures
- 722 ... id°
- 73 Congresses, conventions
- 730 Hire of rooms
- 731 Hire of equipment ...
- 732 Fees to lecturer, translator
- 733 Reception, banquet, flowers, etc.
- 734 Advertising, convocations, print.
- 735 Record, documents, reports
- 736 Cost of approaches made to authorities or groups
- 737 Badges, medals, menu cards...
- 738 Official reception of public authorities

- 739 ...
- 74 Exhibitions
- 740 Hire of room for... date...
- 741 Hire of showcases, boards, etc.
- 742 Printed matter, advert, catalog.
- 743 Decorations, flags, flowers...
- 744 Watchman, security, salaries...
- 745 Transport, removal, cleaning...
- 746 Inauguration, reception, refresh.
- 747 ...

74 Can also first be subdivided as follows :

- 740 Room X (date) Paris
- 741 Room Y (») London
- 742 Room Z (») New York

and afterwards each of these accounts subdivided as shown above.

Class 8

8 — DISTRIBUTION

Assimilate the Distribution : Services rendered to the Members against payment of a quota, participation in costs, right of entry.

- 80 Subscription to periodical, sale by N°
- 81 Advertising revenue in periodical
- 82 Sale of other publications (books...)
- 83 Participation rights to ...
- 830 Lecture cards, tickets...

- 831 Conventions
- 832 Exhibitions

- 86 Occasional sundry sales

(Continued on page 172)

- 7203 Recepción, flores, etc.
- 721 Otra conferencia
- 722 ...
- 73 Congresos (organizados por la asociación)
- 730 Alquiler de locales
- 731 Alquiler de aparatos
- 732 Retrib. conferenciantes, traductor.
- 733 Recepciones, banquetes, flores
- 734 Publicidad, convocatorias, impresos
- 735 Expedientes, documentos, noticias
- 736 Diligencias cerca autoridades, organismos
- 737 Insignias, medallas, menciones
- 738 Autoridades públicas, gastos recepción
- 739 ...
- 74 Exposiciones
- 740 Alquiler local para... (fecha)
- 741 Alquiler vitrinas estanterías...
- 742 Impresos, publicidad, catálogos
- 743 Decoración, banderas, flores
- 744 Retribución guardas, etc.
- 745 Transporte, mudanzas, limpieza...
- 746 Apertura, recepción y gastos inaugur.
- 747 ...
- 74 Eventualmente también podría subdividirse así :
 - 740 Sala X (fecha) en París
 - 741 Sala Y (») en Londres
 - 742 Sala Z (») en Nueva York
 y clasificar después en el siguiente orden como más arriba se indica.

Clase 8

8 — DISTRIBUCION

Se debe asimilar la « Distribution » a los servicios prestados a los miembros, mediante el pago de una cuota, participación en los gastos y derechos de acceso.

- 80 Boletín (abono, venta espec. al N°)
- 81 Publicidad en los Boletines
- 82 Venta de otras publicaciones
- 83 Derechos de participaciones
 - 830 Conferencias (venta de billetes entrada)
 - 831 Congresos
 - 832 Exposiciones
- 86 Ventas ocasionales diversas

(Continuación página 173)

- 7203 Réception, fleurs, etc.
- 721 Conférence autre
- 722 ...
- 73 Congrès (organisés par l'association)
- 730 Location salles
- 731 Location appareils
- 732 Rétribut. conférenciers, traduct.
- 733 Réceptions, banquets, fleurs, etc.
- 734 Publicité convocations, imprimés, ...
- 735 Dossiers, documents, rapports, etc.
- 736 Démarches, près autorités, group.
- 737 Insignes, médailles, souvenirs
- 738 Autorités publiques, frais de réception
- 739 ...
- 74 Expositions
- 740 Location salle pour... (dates)
- 741 Locat. vitrines, panneaux, etc...
- 742 Imprimés, publicité, catalogues, ...
- 743 Décors, drapeaux, fleurs, etc...
- 744 Rétribution surveillants, etc...
- 745 Transports, déménagement, nettoyage
- 746 Vernissage réception, buffet, ...
- 747 ...
- 74 Eventuellement subdiviser d'abord comme suit :
 - 740 Salle X (date) à Paris
 - 741 Salle Y (») à Londres
 - 742 Salle Z (») à New York
 et ensuite subdiviser chaque compte comme au précédent exemple.

Clase 8

8 — DISTRIBUTION

Assimiler la distribution aux services rendus aux membres contre paiement d'une quote-part spéciale, participation aux frais, droit d'accès.

- 80 Bulletin (abonnement, vente au n°)
- 81 Publicité dans les Bulletins (facture)
- 82 Ventes autres publications (livres)
- 83 Droits de participation
 - 830 Conférences
 - 831 Congrès
 - 832 Expositions
- 86 Ventes diverses occasionnelles

* L'astérisque devant un mot indique qu'il est mal répertorié.

N.B. — Les comptes « 7 » ne sont pas répertoriés, leur emploi est assez exceptionnel en ASBL ; s'ils le sont il suffit de se reporter au plan-pilote. Ce qui importe d'abord ce sont les comptes « 6 » ou les COUTS groupés < par nature ». Ils sont répartis en « 7 » s'il y a lie«, selon suggestions faites au plan-pilote.

Lorsqu'un mot est suivi de (...) c'est qu'il possède un même radical en diverses langues.

Deux intitulés de compte différents pour un même indice — on peut mettre ces opérations analogues dans un même compte, ou on subdivise l'indice.

Lorsqu'il y a deux indices différents pour un même mot, il s'agit de deux comptes : ordinairement l'un concerne l'objet mis en STOCK, l'autre l'utilisation dans les coûts. C'est toujours le premier chiffre qui indique la CLASSE.

Nouvelles organisations

Internationales

New international Organizations

La mention d'une organisation dans la présente rubrique n'implique en aucune façon une prise de position de l'UAI à l'égard de celle-ci, pas plus qu'elle ne préjuge de l'insertion de cette organisation dans la prochaine édition de l' « Annuaire des Organisations Internationales ».

Mention of an organization in these columns does not imply, in any way, a judgment of it by the UAI ; nor does it necessarily mean that an entry on the organization will appear in the next edition of the Yearbook of International Organizations.

This month's batch of newly-established international bodies are concerned with :

Bibliography - Connective Tissue - Containers - Development Bank - Earthquakes - Euratom information - The Future - Housing - Kidney - Laity - Legal Systems - Marine Biology - Mechanical Engineers - Nutrition - Ocean Stations - Physics - Marine Pollution - Press - Public Services - Reproduction - Research. European - Scientists, developing countries - Sociologists - Space, European - Teachers - Tourism - Trade - Tsunami - Weeds.

Since the current (1966-67) edition of the Yearbook of International Organizations closed for press four similar surveys have appeared in International Associations (November 1966, April, July and November 1967 respectively).

Nutrition in Central America :

In February 1967 at the Institute of Nutrition of Central America and Panama (INCAP), Guatemala, the first meeting took place of the International Liaison Committee on Nutrition for Central America on a regional level. The meeting was attended by representatives of IICA, INCAP, ICAITI, ROCAP, UNICEF, and of the Panamerican office of WHO. The committee will promote the exchange of information on specific projects and joint consideration of national food programmes, particularly from the point of view of international coordination. INCAP will be responsible for arranging the periodical meetings of the committee.

Un comité de liaison pour l'alimentation et la nutrition de l'Amérique Centrale est chargé de promouvoir la coopération internationale dans ce domaine. Ses réunions périodiques seront préparées par l'Institute of Nutrition of Central America and Panama.

Les organisations internationales nouvellement créées touchent ce mois-ci les secteurs suivants : L'Avenir - Banque de développement - Bibliographie - Biologie marine - Commerce - Constructions - Containers - Coopération scientifique européenne - Espace - Euratom - Exode des savants - Ingénieurs mécaniciens - Laïcisme - Mauvaises herbes - Nutrition - Physique - Pollution des mers - Presse - Professeurs - Reproduction - Services publics - Sociologues - Stations océanographiques - Systèmes juridiques - Tissu conjonctif - Tourisme - Tremblements de terre - Tsunami - Urologie. C'est la cinquième liste publiée depuis la parution de la dernière édition du " Yearbook of International Organizations " : les quatre premières ont paru dans nos numéros de novembre 1966, avril, juillet et novembre 1967.

Professeurs de français : On compte actuellement près d'un demi-million de professeurs de français dans le monde. Désormais ils auront la possibilité de se grouper en adhérant à la Fédération internationale des professeurs de français qui vient de se constituer à l'occasion de la deuxième Biennale de langue française au Québec, et dont le but est de fournir des informations aux professeurs sur l'enseignement du français dans chaque pays et sur la vie actuelle des pays de langue française. Elle contribuera également au perfectionnement des professeurs, elle participera à la recherche pédagogique, elle cherchera à faciliter les échanges entre enseignants ou étudiants, et à promouvoir l'enseignement du français. Un comité prépare un programme de trois ans, y compris un congrès à Paris en juillet 1968, la publication de plusieurs ouvrages, l'organisation de journées pédagogiques et la création d'un centre international d'information et de documentation. Pour tous renseignements, s'adresser au Bureau d'études pour l'enseignement de la langue et civilisation française (BELC), 9, rue Lhomond, Paris 5^e.

For information concerning the newly-formed International Federation of French Teachers Write to BELC at the above address.

Tsunami : Commander Robert C Munson will direct the International Tsunami Information Center which the Environmental Science Services Administration (USA) has set up at the University of Hawaii in

Honolulu. Its purpose is to improve international cooperation in making tsunami (seismic sea wave) warnings more timely and effective. The Center will also encourage research into seismic sea waves and promote the exchange of scientific and technical personnel of participating nations, besides improving the collection of tsunami information and the dissemination of warnings.

Un centre international d'information pour les tsunamis vient d'être créé à l'Université de Hawaii sous la direction du Commander Robert C Munson.

Strengthening the law : With an initial financing from the Ford Foundation sufficient to provide for its first six years of operation, the International Legal Center, whose President is John B Howard, formerly of the Ford Foundation, has been established in New York for the purpose of assisting developing countries to strengthen their systems of law. The Center's three main aims are 1) to give systematic and continuing attention to the role of law in the development of modern nations; 2) to provide an international vehicle for development assistance and exchange of information; 3) to help in the creation and mobilization of greater competence and resources of personnel, in the United States and abroad, for the solution of legal problems in the international field. Responsibility for administration of the SAILER programme (Staffing of African Institutions of Legal Education and Research),

which was formerly located in the Institute of International Education, will be assumed by the Center.

Un centre juridique international, dont le but principal est d'assister les pays en voie de développement à améliorer leur système juridique, a été créé à New York.

EI (atomic) Cid : Since 1961 Euratom has operated a Centre for Information and Documentation on an experimental basis for its own establishments. This inquiry service has from September been extended to every interested party. CID has the task of improving the dissemination of knowledge, both that acquired by Euratom from research and that available throughout the world. "Euratom Information", published monthly in five languages, provides summaries of all scientific papers of European origin, together with details of how to obtain them, whilst the quarterly "Euratom Bulletin" deals more generally with the peaceful development of nuclear energy. In addition, "Transatom Bulletin" provides a monthly list of papers of Slavonic or Oriental origin of which translations are available. CID has also developed an automatic documentation system whereby all published papers in the nuclear field are filed in a computer, and this system enables the organization to offer a rapid service on retrospective bibliographies.

Les services du Centre d'Information et de Documentation de l'EURATOM sont désormais à la disposition de tous.

EUROMECH; In the wake of EUCHEM, and with the help and encouragement of the Royal Society, mechanical engineers in Europe have set up a body to organize informal specialized, and therefore smaller, conferences on theoretical and applied mechanics, these conferences to be held in various European centres. The organization has a committee of four under Professor G K Batchelor (Cambridge), with Dr D Kuchemann (Royal Aircraft Establishment) as secretary. It is hoped to run the conferences on a self-financing basis, with participants paying their own expenses. Details of EUROMECH's plans for 1988 may be found in the 1968 edition of our International Congress Calendar which appeared as the December 1967 issue of "International Associations".

L'EUROMECH, fondé par les ingénieurs des pays d'Europe, a pour but l'organisation de congrès spécialisés et restreints.

European marine biology : Under the auspices of the International Union of Biological Sciences, the Committee for European Marine Biology Symposia (CEMBS) was set up at Heligoland in 1967. Its President is Dr A Barnes of Millport, Scotland.

Le président du comité européen pour les colloques sur la biologie marine est le docteur Barnes de Millport, Ecosse.

Railway container traffic : INTERCONTAINER has been formed by certain of the European railway networks to stu-

dy all the problems, technical and commercial, relating to railway container traffic. In past months this traffic has increased notably, particularly as regards goods carried wholly or partly by sea, no doubt because of the advantages of the container method : rapid turnround of ships, reduced handling and diminished risk of theft or deterioration. The railways have now completed their plans for an adequate complementary service. Suitable rolling stock and containers have been introduced and on May 1st of last year an international scale of charges came into force.

Plusieurs réseaux ferroviaires européens ont décidé de s'associer, au sein d'une société internationale, INTERCONTAINER, afin de coordonner leurs efforts dans le domaine des transports par containers.

Writing for tourism : The tenth congress of COTAL (Confederation of Latin American Tourist Organizations) saw the birth of the Inter-American Federation of Journalists and Writers in the Tourist Trade (Federacion Interamericana de Periodistas y Escritores de Turismo - FIPET). The new organization is a result of the growing awareness of the need for a unifying force behind this young and forceful industry, and will attempt to modernize its machinery and methods. The 1st FIPET congress was held last November (4-12) at Buenos Aires. The idea for the inter-American organization was first promulgated by the Argentinian national association, and doubtless in recognition of this,

FIPET's first President, elected unanimously, is Senor A Córdova Alsina, President of the Argentinian association. The address of the Federation is : Rodriguez Pena 80, Buenos Aires.

La Fédération Inter-américaine des Journalistes et Ecrivains du Tourisme (FIPET) est née lors du 10^e congrès de la COTAL.

Pacific earthquakes : The Seismological Society of the South West Pacific is being formed in order to devote attention to the earthquakes of South East Asia, Australasia and Oceania. Further information may be obtained from the Convener, Seismological Society of the S-W Pacific, Box 8005, Wellington, New Zealand.

Une société consacrée à l'étude des tremblements de terre au Sud-Est asiatique, en Australie et en Océanie a été formée. Tous renseignements à l'adresse ci-dessus.

Asian weeds : The Asian-Pacific Weed Science Society, which will seek to stimulate research into how extensively weeds limit food production in the tropics, giving major attention to rice in Asia and coconuts in the Pacific, was organized by a weed conference held in Honolulu, June 12-22, 1967 and jointly sponsored by the University of Hawaii's College of Tropical Agriculture and the Institute for Technical Interchange of East-West Center. The Society will also promote the design and application of weed control programmes, including training

programmes, best suited to the agriculture, economics, cultures and traditions of emerging countries. It is planned to hold a training programme at the University of the Philippines College of Agriculture this year. Chairman of the Society is Dr M R Vega, of the above College of Agriculture, and the Secretary is Dr R R Romanowski, of the University of Hawaii College of Tropical Agriculture. The Institute for Technical Interchange will serve as the Society's information distribution centre.

Une société pour la recherche sur les mauvaises herbes en Asie et dans la région du Pacifique a son siège à l'University of Hawaii, College of Tropical Agriculture, Honolulu.

Asian press : On Aug 31, 1967, during the second Asian newspapers conference held at Manila, the Press Foundation of Asia was formed, with the aim of advancing journalism in the region. The foundation will be based at Singapore.

The conference also passed a resolution urging the establishment of newsprint mills and set up a sub-committee to study the possibility of organizing an audit bureau of circulation in member countries, of promoting advertising, of establishing readership surveys and of creating a standard reference book on Asian print media.

Le 30 août 1967, à Manila, les éditeurs et rédacteurs d'une cinquantaine de journaux d'Asie ont créé la Fondation de la presse d'Asie.

Reproduction and fertility : The International Cell Research Organization has set up a working group for the co-ordination of research into the biological aspects of reproduction and fertility. The group will operate from the same address : Département pour l'avancement des Sciences, Unesco, Place Fontenoy, Paris 7°.

Un groupe de travail pour coordonner les recherches sur la biologie de la reproduction et de la fécondité a été fondé par l'Organisation internationale de recherche sur la cellule.

Replacing the crystal ball : The future will be largely determined by what man chooses to make it. This is the belief of the members, drawn from all spheres of life, of the World Future Society, formed in 1966 with the aim of presenting man with future possibilities. Thus he will be able to "decide more rationally which possibility to try to realize". The Society will attempt to stimulate serious investigation of the future, and will channel the findings of studies to the teaching profession, scientists, government officials and others. In its newsletter, "The Futurist", the Society has already reported on, for example, "Women and the Year 2000", "The Berlin Crisis of 1999" and a submobile journey to New Atlantis. Annual membership costs \$5. Further information may be obtained from the Society at P O Box 19285, Twentieth St Station, Washington DC 20036.

Les adhérents à la « Société du monde futur » croient que l'homme est en mesure de déterminer l'avenir. Ils veulent donc lui présenter toutes les possibilités pour qu'il choisisse les meilleures de celles-ci. La Société a son siège à Washington.

"Snap" : Anticipating and shaping the future is also the aim of the International Future Research Congress which held its inaugural meeting last year near Oslo, and which is to try a group approach to the problem of studying the trends and choices in current research. The next congress will be held in Holland in the Spring of 1969, but already a series of working groups is being arranged to consider such aspects as priorities for future research, international systems for peace, and images of the future. The chairman of the continuing committee, Mr Nigel Calder, lays proper stress on the importance of internationalism in such a project — there are obvious dangers in the unilateral pursuit of some choices.

Le 2^e congrès international pour les recherches sur l'avenir aura lieu l'année prochaine aux Pays-Bas. Un Comité de continuité fonctionne dans l'intervalle des congrès.

Russian language : At an international conference of teachers of the Russian language held in Paris on 7th September last year, it was agreed to set up an international association. Delegates from countries including Britain, Bulgaria, Belgium, Hun-

gary, Poland, Australia, Yugoslavia and the USA elected Prof Franticek Malirj of Czechoslovakia president of the new organization, members of the French and Soviet delegations being called upon to take the posts of vice-presidents.

Le premier président d'une association internationale d'enseignants de langue russe, créée récemment à Paris, est le professeur Malirj de Tchécoslovaquie.

Laity : With the publication this year of the proceedings of the 3rd world congress, the Permanent committee for international congresses of

the Apostolate of the Laity will cease its activities, which are to be absorbed into that of the Council on the Laity, set up by Pope Paul in January 1967, on an experimental basis, as an organ of the Roman Curia.

Le travail du Comité permanent des congrès internationaux pour l'apostolat des laïcs sera désormais assuré par le Conseil des laïcs, créé l'année dernière par le Pape Paul VI.

Sociologues de langue espagnole et portugaise. L'Association de Sociologues de Langue Espagnole et Portugaise a tenu sa première as-

semblée générale, du 19 au 24 juin 1967. L'organisation recherche la collaboration étroite avec les institutions consacrées à l'enseignement des sciences sociales dans les territoires ibériques, à savoir le Bureau d'Education Ibéro-Américain, l'Association Latinoaméricaine de Sociologie, l'UNESCO, l'OEA et les universités. L'Association s'efforcera d'obtenir le statut consultatif auprès du Bureau Ibéro-Américain d'Education, qui lui accorde actuellement un statut provisoire.

The Association of Spanish- and Portuguese-speaking Sociologists is seeking consultative status to the Iberoamerican Bureau of Education.

Projets de Nouvelles Organisations Internationales Plans for New International Organizations

European kidney bank : Members of the British medical profession would like to see a change in the law concerning the removal of kidneys from a dead persons. At present it is permissible to remove kidneys from a cadaver provided the patient or next-of-kin has given permission and provided the death is not being referred to the coroner. However, kidneys remain viable for only about an hour at room temperature, so permission may arrive too late. One London Hospital estimates that it could do 70 to 80 transplantations a year if only it had the kidneys : this year it has carried out 21 operations, has 16 applicants on the waiting list, and has had to turn away

a further 20 applicants. Urologists would like to see enacted a suggestion that kidneys could be legally removed from persons dying in designated hospitals, provided that the patient before death had not forbidden the procedure or belonged to a religious group that forbade it. One ambition is a European kidney bank.

Des urologues britanniques souhaitent l'établissement éventuel d'une banque européenne de reins.

Connective tissue : Discussions are now under way with a view to making the next meeting of the French and British micropolysaccharide clubs, to be held in Britain

this year, the first full meeting of a new European Federation of Connective Tissue Clubs, an arrangement which it is felt would be an improvement on the present situation where European workers only meet each other as guests in the USA, and that very rarely. The existing national clubs will retain their identity and local interests, and it is hoped that the federation, in arranging regular meetings, will provide a new impetus for the European biochemists, pathologists and others involved in the expanding field of connective tissue research.

On a entamé des entretiens en vue de former une fédération européenne de clubs de tissu conjonctif.

European co-operation : At the invitation of the British Royal Society, a conference was held in London in December 1966 to discuss possibilities and methods of closer international co-operation in European research projects. A similar conference was recently held by the German Research Association. The aim of the bodies involved is to improve relations between scientists in the various countries, to use facilities for further training more effectively, and to organize smaller scientific conferences on special fields of research.

Suite à une réunion tenue en décembre 1966 à Londres et traitant de la coopération scientifique en Europe, une deuxième réunion s'est tenue récemment à Bad Godesberg.

Europhysics : The inaugural conference of the European Physical Society will be held in Florence, Italy, between 23 and 29 September 1968. An earlier meeting of the steering committee will discuss and doubtless approve the draft constitution of the proposed society which has already been circulated to the councils of national societies. The new society will most likely begin as a loose federation of the various national elements : problems of integration arise out of the diversity of possible members, and the organizers of the society see its immediate future in the organization of meetings. Gradually the various member societies will gain enough experience of each other's needs to know which parts of their activities can be integrated.

La conférence inaugurale d'une société européenne de physique aura lieu du 23 au 29 septembre 1968.

European space (1): A market survey just completed for the Eurospace group of aircraft, electronics and space companies concludes that a satellite system for the distribution of Eurovision programmes would offer immediate prospects of positive financial return. The European Broadcasting Union would like a first satellite to be operational in 1972, which, it is thought, would allow enough time for the ground installations and the Europe launcher to be available. Such a system would simplify exchange procedures throughout the network and allow coverage to be extended to African countries and others such as Greece, Iceland and Turkey who could not otherwise be covered. The survey also covered the other communications fields : telephonic traffic, telex, etc. Eurospace proposes the creation of an organization which might be called Eurosat, financed by governments and private capital, and which would act for Europe in a similar way to that in which Comsat acts for the USA.

Le premier satellite de communications européen pourrait faciliter l'échange des émissions Eurovision à partir de 1972.

Services publics : L'Internationale du personnel des postes, télégraphes et téléphones, l'Internationale des services publics et le Secrétariat professionnel de l'enseignement demandent la création immé-

diante de la Commission du BIT sur les services publics. Déjà, en 1967, ces trois organisations ont obtenu une décision favorable de la part du BIT, mais au début de cette année la commission n'avait pas encore été créée et sa première réunion ne figurait pas dans le programme du BIT. Il existe déjà au BIT le Comité consultatif pour les employés salariés et les travailleurs professionnels, mais les trois organisations estiment que, les domaines envisagés étant si nombreux, celui-ci n'a pas eu la possibilité de consacrer une grande partie de son travail aux problèmes des employés des services publics. Les organisations soulignent que la nouvelle commission faciliterait la tâche du comité consultatif en lui permettant de se concentrer plus particulièrement sur les problèmes du secteur privé.

The PTTI, PSI and IFFTU are seeking the immediate setting-up of an independent ILO commission for the public services.

European space (2) : The British Interplanetary Society has recommended the establishment of a European space research agency to guarantee an effective contribution to space research by Britain and her partners in such projects as ESRO and ELDO. The proposed organization would act as a central planning and contractual authority with its own budget. The Society also wants to see the adoption of the Franco-German Symphonie communications satellite project, as well as the development of a "second genera-

tion " network suitable for commercial applications, and the setting up of the proposed Eurosat corporation.

On propose la création d'une agence spatiale pour l'Europe qui contribuerait aux recherches et qui coordonnerait la planification des projets actuels tels que ceux de l'ESRO et du CECLES.

Housing : At its 41st session in August 1966, the UN Economic and Social Council recommended the setting up of an expert group to look into the question of documentation on housing, building and planning. This group has now suggested the establishment of an international institute at Delhi. First of its kind, the institute would collect, sift and sort information and distribute it among its members.

Une commission d'étude des Nations Unies a proposé l'établissement d'un institut international pour la documentation sur le logement, la construction et la planification qui serait établi à Delhi.

Bibliographies africaines :
Avec l'aide d'une subvention de la Fondation Ford, l'Institut international africain (10-11 Fetter Lane, Londres EC4) a organisé une conférence internationale sur la bibliographie africaine, qui s'est tenue au mois de décembre dernier en Afrique. Cette conférence était l'aboutissement d'une recommandation faite à la Conférence des Etudes sur l'Afrique tropicale qui s'est tenue en avril 1964 à l'Université d'Ibadan, demandant la convocation d'une réunion internationale pour examiner la situation

des services bibliographiques dans le domaine des études africaines. Au programme provisoire de cette nouvelle conférence on trouvait les propositions suivantes : la mise sur pied d'un bureau central d'information international et interafricain pour le fonds documentaire sur l'Afrique, qui serait chargé de l'enregistrement central de la documentation, de la coordination des données contenues dans les bibliographies nationales et autres, de la tenue à jour des répertoires, et de fournir la documentation ad hoc relative à des régions et à des sujets particuliers; la constitution d'une association des bibliothécaires africanistes.

Proposals for the creation of a central information bureau for bibliographies and librarians specializing in African studies were on the provisional agenda of a conference held last December by the International African Institute.

Les pollutions marines : Au cours du troisième colloque international d'océanographie médicale tenu à Nice, M. Plattier, de l'Ecole des hautes études, a signalé la formation éventuelle d'un groupe d'étude de l'économie marine au Centre d'études et de recherches de biologie et d'océanographie médicale (CERBOM) qui sera chargé d'étudier les applications d'océanographie médicale en général, et de la lutte contre les pollutions en particulier. D'autres recherches qui vont être entreprises prochainement seront, d'après le docteur Aubert, directeur du CERBOM, l'étude des phénomènes allergiques ou toxi-

ques dus aux êtres marins, aux pollutions marines d'ordre chimique et bactériologique ou dues à la radioactivité.

A French study group is to be formed to do research into the possible applications of marine medicine and of the knowledge obtained from the battle against marine pollution.

Oceanography : The fifth session of the Intergovernmental Oceanographic Commission, founded by Unesco, closed on 28 October 1967. In an expanded research programme, which includes two new major international studies in the Mediterranean and the Caribbean, the Commission voted to establish a permanent Working Committee for an Integrated Global Ocean Station System to co-ordinate and facilitate the collection of data. Also recommended was the establishment of a West African Marine Science Centre, which might be situated at Abidjan, Ivory Coast, and, apart from continuing exploration of the Tropical Atlantic, would train oceanographers as well. At the same meeting, members of the Commission called for increased co-operation between the IOC and other interested international organizations, such as FAO and WMO, with the aim of joint action on specific problems as a response to the UN resolution on the resources of the sea.

Lors de sa cinquième session plénière, la Commission océanographique intergouvernementale a décidé l'étude d'un système mondial de stations océanographiques ainsi que l'établissement en Afrique occidentale d'un centre d'exploration et de formation.

Coopération commerciale : Lors de la deuxième session de la Commission des articles manufacturés, commission de la Conférence des Nations Unies sur le commerce et le développement et du Conseil du commerce et du développement, on a noté avec intérêt le début d'une coopération entre les secrétariats de la CNUCED et de l'Accord général sur les tarifs douaniers et le commerce (GATT) à propos d'un Centre de commerce international commun, dans le cadre du programme des Nations Unies relatif aux exportations. On estime que l'approbation de ce projet pourrait entraîner un progrès décisif pour une collaboration future dans d'autres domaines.

GATT and CNUCED are considering the setting up of a centre for the aid of exporters.

A Caribbean Development Bank : At the end of consultations with the governments of 13 countries and territories in the region, a United Nations Development Programme-sponsored mission to the Caribbean has further advocated the setting up of such a bank. Regional governments would hold 60 per cent of the capital and the remaining 40 per cent would be subscribed by non-regional co-operating countries who have shown an interest in the proposed institution, namely Canada, the United Kingdom and the United States. It is hoped the Bank will play an important part in mobilizing foreign and domestic investment, and in the financing of large undertakings. Thinking of the Caribbean's

heavy capital requirements and its present limited financial resources, the mission foresees the Bank making " a significant contribution to economic growth and co-operation. ".

L'établissement d'une banque de développement pour les Caraïbes est de nouveau proposé par une mission de l'ONU.

Common market combination : The 11-nation Latin American Free Trade Association (LAF TA) and the Central American Common Market (CACM) have set up a Coordinating Commission to study ways of integrating the two organizations. This step follows the declaration on economic integration issued by the Punta del Este summit meeting. Other organizations from whom assistance may be sought are the Inter-American Economic and Social Council, the Economic Commission for Latin America, and the Inter-American Development Bank. At its meeting in August 1967 the Commission also discussed subregional treaties, margins of preference agreements, the gradual reduction of tariffs over a 15-year period, and the freezing as of December 31, 1967 of preferential tariffs among LAFTA members.

Une commission établie par l'Association latino-américaine de libre échange et le Marché commun de l'Amérique centrale étudie les problèmes que poserait la fusion de ces deux organisations.

Brain drain : Among proposals discussed at the 17th Pug-

wash conference last September was one aimed at reducing the brain drain of young scientists from the developing countries. An International Science Foundation would be set up together with a scholarship programme for students from the developing countries. The developed nations, it was suggested, should be asked to produce more scientists than they need, thus making a certain number available to work in other parts of the world. Similarly there should be a study of ways of encouraging the transfer of technology from industrial enterprises in developed countries to their counterparts in developing countries.

La 17^e conférence Pugwash a proposé la création d'une fondation internationale scientifique dont le but serait d'encourager les jeunes chercheurs et savants des pays en voie de développement à rester chez eux.

L'enseignement supérieur en Afrique : Lors de leurs travaux qui ont eu lieu l'année dernière à Abidjan et plus tard à Paris, les ministres de l'Éducation nationale d'États francophones d'Afrique noire et de Madagascar ont discuté l'adaptation aux réalités africaines de la réforme française de l'enseignement supérieur, sur le coût et rendement de l'enseignement primaire, ainsi que sur l'introduction de l'enseignement de la technologie dans les établissements du second degré. Les ministres ont décidé de créer un conseil consultatif interafricain dont le triple rôle sera de coordonner l'action des diverses uni-

versités, leur donner une certaine complémentarité pour éviter la multiplication excessive des établissements et leur conférer un statut régional, leur attribuant compétence pour plusieurs Etats. En plus, le conseil assurera auprès de la conférence un rôle permanent de proposition et de documentation. La conférence a également approuvé la création d'une association interafricaine et malgache des enseignants d'histoire et géographie.

Ministers for Education of French-speaking African States and Madagascar have decided to set up a consultative committee for higher education and an association of history and geography teachers.

Latin American Tourist body : Included in the resolutions passed at the tenth congress of the Confederation of Latin American Tourist Organizations (COTAL), held at Miami Beach, and which dealt with such topics as credits for the industry and the inclusion of tourism in school curricula, was one recommending the formation of a specialized organization within the OAS for

the development of tourist areas.

Lors de son dixième congrès, la COTAL a souhaité la mise sur pied au sein même de l'OEI d'une organisation pour le développement des régions touristiques.

Tourisme mondial : Vers la fin de janvier, le secrétaire-général de l'ONU a reçu une délégation de l'Union internationale des organismes officiels de tourisme. Celle-ci l'a informé de sa décision de renoncer au statut de droit privé pour se transformer en un organisme de droit public sous l'appellation d'Organisme mondial du tourisme (OMT), laquelle organisation pourra, sur tous les plans relatifs au tourisme international, prendre des mesures que les 102 pays membres seront tenus d'appliquer. En vertu de cette décision, l'UIOOT élaborera une convention internationale du tourisme et convoquera d'ici à la fin de 1968 une conférence délégués plénipotentiaires.

The International Union of Official Travel Organisations intends to change its legal status to that of an inter-governmental organization and to adopt the name of World Travel Organization.

International texts : At the seminar of the World Confederation of Organizations of the Teaching Profession held in Vancouver delegates urged the setting up of an international committee to study texts of all the participating nations to evolve a form of basic texts in geography and history. Such a standardization of school textbooks, it was thought, could be a major step in improving international relations.

Les délégués au séminaire de Vancouver organisé par la Confédération mondiale des organisations de la profession enseignante ont souhaité la création d'une commission internationale pour la normalisation des livres scolaires de géographie et d'histoire.

Les régions sinistrées : Lors de la 10^e assemblée de l'Union Internationale des Architectes la résolution suivante a été adoptée : " L'UIA devrait soutenir la création d'une organisation internationale pour l'assistance technique des régions sinistrées. "

The 10th assembly of the VIA adopted a resolution calling for the setting up of an international organization to give technical assistance to disaster areas.

Financial Aspects of International Congresses

The 5th International Congress on Congress Organization will be held at the Palacio de las Naciones in Barcelona from Wednesday 6 May to Saturday 9 May, 1970. The theme will be the study of the ways of financing a congress and the most rational distribution of expenses.

This theme has been chosen because many international organizations have increasing difficulties finding the necessary resources for holding their congresses and must consider methods of providing finance which they have not previously used. In addition, many would like to make use of new equipment and new organizational and working methods or to call upon the help of auxiliary services — that is to say, to improve their congresses while, at the same time, making the maximum economies and distributing expenses as fairly and as efficiently as possible.

In particular, the following six questions will be studied in sectional meetings : 1) contributions and expectations of national, regional and local public authorities (interaction between congresses and tourism ; 2) ordinary or special equipment and auxiliary services; 3) printing and distribution of working documents : methods, expenditure and revenue; 4) technical and budgetary implications relative to the number of written and spoken working languages; 5) registration, reception and programme of social events; 6) organization of accommodation and technical or tourist excursions.

This Congress is being organized jointly by the Union of International Associations, which is assuming the responsibilities of Congress Secretariat General, and the International Association of Congress Centres, with the collaboration of various specialized professional international organizations and the Barcelona Congress Centre.

RE:

Yearbook of International
Organizations

ATTENTION :
All Secretaries-General

Congratulations are in order. At the beginning of February a circular concerning the forthcoming 12th (1968-69) edition of the Yearbook of International Organizations was despatched to 2,200 Secretaries-General-

By the middle of February seventy-three per cent had sent in the up-dated proof of their entry, together with appropriate additional material.

If the remaining twenty-seven per cent take similar action without delay the Editor and his team will be the happiest of mortals.

Bibliographical / Bibliographie

Mensuel

current list / courante

/ of papers, reports / des documents, comptes
and proceedings of / rendus et actes des
international meetings / réunions internationales

Volume 8, No 3

March 1968

The following list provides the essential bibliographical details concerning newly-published reports arising out of international congresses. Entries are arranged in chronological order according to date of congress. The customary bibliographical practice has been adopted of giving name and locality of the publishing house in the case of commercially produced volumes. In other cases the material can be obtained direct from the international organizations responsible for arranging the congress. Full information about such organizations, including of course their present address, can be obtained from the current (1966-67) edition of the Yearbook of International Organizations (UAI, 1 rue aux Laines, Brussels 1; 1008 p. 27x21 cm. \$ 20).

The chronological listing is followed by a keyword Index.

The UAI first introduced, in 1965, the system of indexing by date, in connection with its "Bibliography of Proceedings of International Meetings held in 1959". The system's practical advantages, particularly as regards speed of production, led to its adoption from January 1966 onwards in the monthly "Bibliographical Current List of Papers, Reports and Proceedings of International Meetings".

Entries for which precise dates are not available have been placed at the end of the relevant month or year, and they have been given a running number, prefixed by the letters "ND" (no date) from 1 upwards; the entry appears in the form "1968 May (ND 1)" as does the index entry at the appropriate keyword.

The monthly magazine International Associations, complete with all issues of the monthly Bibliographical Current List, costs ? 11 (450 Belgian Francs or 75s sterling) per annum.

The Bibliographical Current List can be supplied separately by itself at the rate of \$ 8 (300 Belgian Francs or 50s sterling) per annum.

The UAI wishes to express its gratitude to the many international organizations who send in, on publication, the reports of their international meetings, as well as the Library of Congress and the Columbus Memorial Library in Washington, the Deutsche Staatsbibliothek Berlin, the Bibliothèque Royale of Belgium, the University Library of Helsinki (Finland), the National Library of Canada, the Biblioteca Nacional de Lisboa (Portugal), the Library of the International Atomic Energy Agency in Vienna, and the Scientific Information Institute of the Academy of Sciences USSR for their valuable co-operation.

The Union of International Associations wishes to thank the National Science Foundation of the United States for the financial assistance it gave with respect to the preparation and publication of this bibliography during the first three years.

Publications devoted to international organization in general. Research and work by or on intergovernmental organizations. Research and work by or on international non governmental organizations.

This bibliography does not mention the proceedings of international meetings. These are given by the UIA in its " Bibliographical Current List of Papers, Reports and Proceedings of International Meetings " (see pages 185-196 in this issue) and its annual bibliographies of proceedings of international meetings.

Ouvrages généraux sur l'organisation internationale. Etudes et travaux par ou sur les organisations inter gouvernementales, par ou sur les organisations internationales non gouvernementales.

Cette chronique bibliographique ne mentionne pas les comptes rendus des réunions internationales. Leur description est donnée par l'UAI dans sa « Bibliographie courante des documents, comptes rendus et actes des réunions internationales » (voir pages de couleur) et ses Bibliographies annuelles des comptes rendus des réunions internationales.

1. Research and Work by Intergovernmental Organizations

Etudes et Travaux des Organisations Intergouvernementales

This is the fourth in a series of compendia on nonconventional scientific and technical information systems in current use in the United States of America. The series, inaugurated in 1958, consists of descriptions of technical information systems based on the use of either some mechanical or electronic means of index manipulation or some unusual or unique indexing system.

The annual international Congress Calendar

Third supplement

March 1968 Mars

Troisième supplément

In 1965 the UAI introduced the system of indexing by date in connection with its "Bibliography of Proceedings of International Meetings held in 1959". The system was adopted from January 1966 onwards in the monthly "Bibliographical Current List of Papers, Reports and Proceedings of International Meetings".

Its practical advantages, particularly as regards speed of production, have led us to use it for the "International Congress Calendar" also. As the entries in the Calendar are in strict chronological order, any particular item can be found immediately from the date given after the appropriate keyword in the index starting on page 225.

Entries for which precise dates have not been fixed are placed at the end of the relevant month or year, and they have been given a running number from 1 upwards; the calendar entry appears in the form "1968 May (ND 1)" and the index entry at the keyword or keywords is similar.

This supplement gives details of new congresses announced after the annual Calendar (which appeared as the December 1967 issue of International Associations) closed for press. The insertion of "•" after the date indicates that previously published arrangements have been modified.

En 1965 l'UAI introduisait pour la première fois le système d'indexation par date : il s'agissait de la Bibliographie des Comptes Rendus des Réunions Internationales tenues en 1959. Le système fut étendu, à partir de janvier 1966, à la "Bibliographie Courante des Documents, Comptes Rendus et Actes des Réunions Internationales".

Les avantages pratiques de ce système, notamment en ce qui concerne la rapidité de production, nous ont amené à l'introduire également dans l'"International Congress Calendar". L'index des mots clés qui complète non seulement le Calendrier annuel, mais désormais également chaque supplément mensuel (voir page 225), réfère donc à des dates, et non plus à des numéros d'ordre comme précédemment. Ces dates sont aisément repérables dans le Calendrier puisque celui-ci se présente dans un ordre strictement chronologique.

Les annonces de réunions pour lesquelles des dates précises ne sont pas indiquées sont placées à la fin du mois ou de l'année en question et reçoivent un numéro d'ordre précédé des lettres ND (no date). Par exemple, une réunion annoncée pour mai 1968, mais dont les jours exacts ne sont pas encore précisés porte les références "1968 May (ND 1)" aussi bien dans le Calendrier lui-même que dans l'index.

Abbreviations

association	Asn	association
committee	Cmt	comité
confederation	Cnfed	confédération
associated exhibition	Exhib	exposition associée
federation	Fed	fédération
international	Int	international(e)
organization	Org	organisation
expected participation	P	nombre de participants attendus
society	Soc	société

The reproduction of the whole of this Calendar, or of a major part thereof, is prohibited. Tagensvej 18, Copenhagen.
- 1969 Jun (ND 1) • Düsseldorf (Germany, Fed Rep)
European Asn of Training Programmes in Hospitals and
Health Services Administration. General assembly during
the 16th Int Hospital Fed congress. P : 30.
Prof Dr Blanpain, Vital Decosterstraat 102, Louvain,
Belgium.
- 1969 Jun (ND 2) • Düsseldorf (Germany, Fed Rep)
Int Hospital Fed. 16th congress.
The Hospital Centre, 24 Nutford Place, London W1.
- 1969 Jul 2-10 • Leningrad (USSR)
3rd int conference on protozoology.
Dr I B Raikov, Institute of Cytology. 32 Pr Maklina.
Leningrad F-121.
-

-
- 1969 Jul 7-12
Edinburgh (UK)
European Orthodontic Soc. 45th congress. P : 200-300.
S Haynes, Royal Infirmary of Edinburgh and Associated
Hospitals, 3 Chalmers Street, Edinburgh 1.
- 1969 Jul 13-19 •
Montreal (Canada)
Int Soc of Clinical Pathology. 7th int congress.
Dr D P Hill, Dept Pathol., Faculty of Medicine,
Ottawa, Canada.
- 1969 Jul 26 - Aug 2
Helsinki (Finland)
Universal Esperanto Asn. 54th annual congress. P :
2,000.
G G Pompilio, Nieuwe Binnenweg 165, Rotterdam 2,
Netherlands.
Report: The Asn, Rotterdam, Sep 1969.
- 1969 Jul 30 - Aug 3
Rome (Italy)
Int Psycho-Analytical Asn, 26th congress.
Dr L Z Gairinger, via Salaria 237, 00199 Rome
- 1969 Jul (ND 1)
Minas Gérais (Brazil)
Latin American Asn of Physiological Sciences. Meeting.
Theme : physiology, biochemistry, pharmacology and
medical education. P :600.
Dr W Beraldo, Faculdade de Medicina de Belo
Horizonte, Minas Gérais, Brazil.
Report: Acta Physiologica Latino Americana, 1969.
- 1969 Jul (ND 2)
Strasbourg (France)
22nd congress of French-speaking pediatricians.
Prof Sacrez, 2 quai Fustel de Coulanges, 67-Stras-
bourg.

Mexico City (Mexico),
Int Congress of Oto-Rhino-Laryngology. 9th congress.
Dr Bustamante Gurria, Medellín 94-3, Mexico 7 DF.
- 1969 Aug 17-27 •
Moscow (USSR)
Int Soc of Blood Transfusion. 12th congress.
Dr E Zotikov, Novo-Zikovski, proezd. dom. 4,
Moscow.
- 1969 Aug 24-29 •
Washington DC (USA)
Int Asn of Gerontology. 8th triennial int congress.
Prof N W Shock, 9650 Rockville Pike, Bethesda,
Md 20014, USA.
- 1969 Aug 28 - Sep 5 9
Prague (Czechoslovakia)
Int Union of Nutritional Sciences. 8th int congress.
Dr Z Slabochova, Institut d'Alimentation Humaine,
Budejovicka 800, Prague 8.
- 1969 Sep 2-5 9
Edinburgh (UK)
Social Psychiatry. Int Multi-Disciplinary Fed. Confer-
ence on the healthy community. P : 300.
Dr H B Wright, 10 Belgrave Square, London SW1.
- 1969 Sep 2-5 •
Prague (Czechoslovakia)
Int Union of Testing and Research Laboratories for
Materials and Structures. Symposium on frost liability
of concrete and its resistance to sulphates.
M Valenta, 12 rue Brancion. 75-Paris 15.
- 1969 Sep 2-7 •
Moscow (USSR)
Journal of Embryology and Experimental Morphology.
9th int embryological conference.
A S G Curtis, Department of Cell Biology, The
University, Glasgow W2.
- 1969 Sep 14-20 •
San Diego (Cal, USA)
Int Fed of Socs for Electroencephalography and Clinical
Neurophysiology. Int congress.
Dr Antoine Remond, Hôpital de la Salpêtrière, 47
Bd de l'Hôpital, 75-Paris 13.
- 1969 Sep 15-20
Marienbad (Czechoslovakia)
3rd int congress on chemical engineering, machinery and
automation.
Dr Ing J Marek, Czechoslovak Chemical Society,
Chemical Engineering Section, Stepanska 15, Pra-
gue 2, Czechoslovakia.
- 1969 Sep 22-27 •
Tokyo (Japan)
Permanent Commission and Int Asn on Occupational
Health. 16th congress: P : 2,500.
Japan Asn of Industrial Health, c/o Kosu Eisei
Bldg, 78 Hanazono-cho, Shinjuku-ku, Tokyo.
- 1969 Sep 28-30
Madrid (Spain)
European- Asn of Anti-Poison Centres. Scientific meeting.
P: 200-300.
Prof Dr Guillermo Tena Nunez, Institute Nacional
de Toxicologia, Farmacia (9), Madrid 9.
- 1969 Sep 30 - Oct 5
Paris (France)
Europrotection. 1st int biennial session on the preven-
tion of air and water accidents and pollution.
Europrotection, 8 rue de la Michodière, 75-Paris 2.
-

-
- 1969 Sep (ND 1) Paris (France)
 Association of French-speaking Doctors. 37th congress.
 Prof Coury, Asn des Médecins de Langue Française,
 30 cours Roosevelt, 69-Lyon, France.
- 1969 Oct 1-4 London (UK)
 Int Asn for Suicide Prevention. 5th conference. P : 400.
 Dr Erwin Stangel, Department of Psychiatry, Uni-
 versity of Sheffield, Sheffield, UK.
- 1969 Oct (ND 1) Addis Ababa (Ethiopia)
 Int Road Fed. African regional meeting.
 1023 Washington Building, Washington DC 20005.
- 1969 Oct (ND 2) Mexico City (Mexico)
 European Asn of Rhinology. Congress.
 Dr G H Drumheller, 1515 Pacific, Everett, Wash-
 ington 98201.
- 1969 Oct (ND 3) • Prague (Czechoslovakia)
 Int League against Rheumatism. 12th congress on rheu-
 matism diseases.
 c/o American Rheumatism Association, 10 Columbus
 Circle, New York, NY 10019, USA.
- 1969 Nov (ND 1) • New Delhi (India)
 World Council for the Welfare of the Blind. General
 assembly.
 4 Place de la Concorde, 75-Paris 8.
- 1970
- 1970 Mar 8-14 Mexico City (Mexico)
 Int Fed of Ophthalmological Socs. 21st congress.
 Prof J François, 15 Place de Smet de Naeyer, Ghent,
 Belgium.
- 1970 Mar 13-17 Tel Aviv (Israel)
 6th int colloquium on plant analysis and fertilizer pro-
 blems. Theme : recent advances in plant nutrition. P :
 100.
 Prof R M Samish, National and Univeristy of Institute
 of Agriculture, POB 15, Rehovoth, Israel.
- 1970 Mar 18-26 • Tel Aviv (Israel)
 Int Soc for Horticultural Science. 18th int congress.
 Theme : horticulture in all its branches and disciplines.
 P: 1,000.
 Mrs L Roman, Technical Assistance and Foreign
 Relations Bureau, Hakiry, Tel Aviv.
- 1970 Apr 9-17 New York (NY, USA)
 Int Fed of Gynaecology and Obstetrics. 6th world
 congress.
 Maternité, 1205 Geneva 4, Switzerland.
- 1970 May 22-29 • Houston (Texas, USA)
 Int Union against Cancer. 10th congress. (Exhib).
 Dr Murray Copeland, Anderson Memorial Hospital.
 Houston, Texas 77025.
- 1970 May (ND 1) (Germany, Dem Rep)
 Int Asn for Cereal Chemistry. 5th world congress of
 cereals and bread.
 Schmidgasse 3-7, 2320 Schwechat, Austria.
- 1970 Jun 28 - Jul 4 • Evian (France)
 Int Soc for Radiation Research. 4th int conference.
 Dr R Latarjet, Institut de Radium, 26 rue d'Ulm,
 75-Paris 5.
- 1970 Jul 12-18 • Copenhagen (Denmark)
 World Org of Gastroenterology. 4th world congress.
 Prof M Andreassen, Universitatets Kirurgiske, Rigs-
 hospitalet Klinik C, Copenhagen.
- 1970 Aug (ND 1) • Prague (Czechoslovakia)
 World Fed of Socs of Anaesthesiologists. 3rd European
 congress.
 Société des Anesthésistes de Tchécoslovaquie,
 Anesthesiologicke oddeleni Ukech, Budejivicka 800,
 Prague.
- 1970 Sep 19-22 • Canberra (Australia)
 World Fed of Socs of Anaesthesiologists. 3rd Asian
 and Australasian congress.
 Dr J Nicholas, 175, Macquarie Street, Sydney, NSW,
 Australia.
- 1970 Sep 21-30 • Cologne (Germany, Fed Rep)
 Int Social Security Asn. 17th general assembly.
 Direktor Dr Hans-Albrecht Bischoff, c/o Badische
 Anilin- und Soda-Fabrik AG, Karl-Bosch-Str. 38, 67
 Ludwigshafen, Germany, Fed Rep.
- 1970 Sep (ND 1) Athens (Greece)
 European Fed of Chemical Engineering. 3rd European
 symposium. Theme : fresh water from the sea.
 Working party on fresh water from the sea, POB
 1199, Omonoia, Athens.
-

- 1970 Sep (ND 2) • Bucharest (Rumania)**
Int Dental Fed. 58th annual assembly.
 64 Wimpole Street, London W1.
- 1970 Oct 4-10 • Montreal (Canada)**
Int Road Fed. 6th world meeting.
 1023 Washington Building, Washington DC 20005.
- 1970 Oct (ND 1) 9 Madrid (Spain)**
World's Poultry Science Asn. 14th world congress.
 Major Ian MacDougall, Agriculture House, Knights-
 bridge. London SW1.
- 1970 Nov (ND 1) • Parts (France)**
Institute of Transport Aviation. 4th int symposium.
 4, rue de Solferino, 75-Paris 7.
- 1971 Oct (ND 1) Paris (France)**
Europrotection. 2nd int biennial sessions on the pre-
 vention, safety and protection of mankind, air, water
 and property.
 Europrotection, 8 rue de la Michodière, 75-Paris 2.
- 1971 Oct (ND 2) Sao Paulo (Brazil)**
World Fed of Neurology. 3rd Pan American congress.
 Dr R E Fiol, University Hospital. Dept of Medicine,
 Rio Piedras, Puerto Rico.
- 1971 Dec (ND 1) Bombay (India)**
World Fed of Neurology. 3rd Asian and Oceanian
 congress.
 Dr Gajendra Sinh. Ben Nevis, B Desai Road, Bom-
 bay-26.

1971

- 1971 May 8-13 Vienna (Austria)**
Int Social Security Asn. 6th world congress on preven-
 tion of occupational accidents and diseases.
 ISSA, 154 rue de Lausanne, Geneva, Switzerland.

- 1971 Jun 14-18 The Hague (Netherlands)**
European Asn of Radiology. 2nd congress. P : 2,000.
 (Exhib).

**Nederlandse Vereniging voor Radiologie, c/o Holland
 Organizing Centre, 16 Lange Voorhout, The Hague.**

- 1971 Jun (ND 1) Rotterdam (Netherlands)**
Int Fed of Park Administration. 3rd European regional
 congress.
 The Grotto, Lower Basildon, Reading, Berks, UK.

1972

- 1972 May (ND 1) • Madrid (Spain)**
Int Bureau for Precast Concrete. 7th congress.
W Simons, 207-209 Bd A Reyers, Brussels 4.

1973

- 1973 Oct (ND 1) Paris (France)**
Europrotection. 3rd int biennial session on the pre-
 vention, safety and protection of mankind, air, water
 and property.
Europrotection, 8 rue de la Michodière, 75-Paris 2.

**A l'attention des
Secrétaires généraux
des Organisations
Internationales**

concerne :
**Annuaire
des
Organisations
Internationales**

Au début de février 1968 une circulaire en vue de la 12^e édition (1968-69) du Yearbook of International Organizations a été envoyée à 2.200 secrétaires généraux.

Au 15 février, 73 % de ceux-ci avaient envoyé à PUAL la notice mise à jour sur leur organisation ainsi que les éléments d'information complémentaires.

Si les 27 % qui n'avaient pas encore répondu suivent cet exemple, le rédacteur du Yearbook et son équipe seront les plus heureux des mortels.
