This table indicates the total number of instances that nongovernmental organizations, classified as belonging to a given cluster of types in the Yearbook, cite other organizations (whether intergovernmental or nongovernmental) of that or of other clusters of type. The types allocated to each cluster are as follows:

- These 1,434 bodies cite other organizations, of whatever group, 59,383 times, for an average of 41.4 citations per organization.
- There are 60,983 citations to nongovernmental organizations included in Cluster I from organizations included in any other Cluster. This is an average of 5.6 citations to each nongovernmental organization included in Cluster I.
