

**Figure 2.1.1. Geographic distribution
Membership of international organizations, by country: 2000**

This table indicates the number of organizations of which a country (or territory) is a member, whether directly or through the presence of members in that country. (See "Notes to the User" at the front of this volume for further information on country names.) No distinction is made between different categories of membership (e.g. full, associate), although a country is only counted once for each organization.

For each country, the first line indicates representation in intergovernmental organizations (IGO); the second line indicates representation in non-governmental organizations (NGO).

The countries are grouped by continental region. The organizations are totalled by type, indicated by the letter code at the head of each column. (See the appendix "Types of organization" for more information.) In addition, totals are given at the end of each row for certain groupings of types.
