

**Figure 2.1.8. (b) Geographic distribution
Cities hosting intergovernmental organization secretariats: 2000**

This table indicates the number of **intergovernmental organizations** (IGOs) with secretariats in a given city. Only those cities with 10 or more principal secretariats of intergovernmental organizations (all types) are included here. For each city, the first line (which starts with the city name) indicates principal secretariats (headquarters, main office); the second line (which starts with the county name) indicates secondary secretariats (regional, specialized). The cities are grouped by country within continental regions. The organizations are totalled by type, indicated by the letter code at the head of each column. (See the appendix "Types of organization" for more information.) In addition, totals are given at the end of each row for certain groupings of types. Continental and county totals are not given because not all cities and countries are included (see above).
