

Figure 3.2.2. Links between organizations
Links between international organizations by type: 1990 and 2000

The table indicates the total number of instances that international governmental (IGO) or nongovernmental (NGO) organizations (of types A-F) cite any other organizations (of any type), and in a given paragraph of the descriptive entry in Volume 1 of the *Yearbook of International Organizations*. Description of types is given in Appendix 10. To avoid complicating the presentation, the table indicates whether the citing organization is an IGO or NGO, but does not distinguish between IGO-to-IGO, IGO-to-NGO, NGO-to-NGO, or NGO-to-IGO citations. For example, in 1990, Type B NGOs (row "B") made 133 citations to other organizations in their "Founded" paragraphs and 767 in their "IGO Relations" paragraphs. There were 430 such organisations (row "B", column "Number of organisations") and in their entire descriptive entry (all paragraphs) they averaged 14.9 citations per organisation (column "Average citations per organisation").
