

**Figure 2.1.13. Geographic distribution
International organizations by region of activity: 2001**

This table lists, for the different continents, regions and other groupings, the total number of organizations listed in this Yearbook series which are preoccupied with that grouping. An organization's preoccupation with or involvement in a particular region is determined on the basis of either its title or keywords in its "Aims" paragraph. See appendix 9 "Contents of organization descriptions" for further information on that paragraph.

For each grouping, the first line of totals indicates the number of intergovernmental organizations involved in that region or group; the second line indicates the number of non-governmental organizations involved in that region or group; the third line indicates the total number of organizations, both intergovernmental or non-governmental, involved in that region or group.

The organizations are totalled by type, indicated by the letter code at the head of each column. (See appendix 10 "Types of organization" for more information.) In addition, totals are given at the end of each row for certain groupings of types. Note that, for this edition, no information on types J and U is available.
