

Figure 6.1.1. Organization: structure and leadership
International organizations of special structure: 2001

This table indicates the number of international organizations (both intergovernmental and non-governmental) allocated to each category representing a special organizational structure.

For each category, the first line of totals indicates the number of intergovernmental organizations; the second line of totals indicates the number of non-governmental organizations; the third line indicates the number of organizations in total.

The organizations are listed by type, indicated by the letter code at the head of each column. (See appendix 10 "Types of organization" for more information.) In addition, totals are given at the end of each row for certain groupings of types. Note that, for this edition, no information on types J, N and U is available.
