

**Figure 6.1.3. Organization: structure and leadership**  
**Frequency distribution of organization budget: 2002**

These charts indicate the number of international organizations with an annual budget figure within a specific range. The first chart shows the budget of all organizations, the second indicates budget by clusters. Only organizations whose descriptions in Volume 1 of this Yearbook series specify an annual budget figure are counted here. For the purposes of comparison all budget figures have been converted into Euros at exchange rates current in October 2003. For more information see the introductory notes to Figure 6.1.2.
