

Figure 0.3.2. Current overview
Links from intergovernmental organizations (IGOs) by type: 2003

This table indicates the total number of instances that intergovernmental organizations (IGOs), grouped by cluster, cite other international organizations, whether intergovernmental (IGO) or non-governmental (NGO), of the same or another cluster. The organization types allocated to each cluster are as follows:

- Cluster I (International organizations): Types A B C D F
- Cluster II (Dependent organizations): Types E K R
- Cluster III (Organizational substitutes): Types S T
- Cluster IV (National organizations): Types G N
- Cluster V (Dead, inactive and unconfirmed bodies): Types H J U

For example:

- There are 993 IGOs included in Cluster I. They cite other organizations in Cluster I, whether IGO or NGO, a total of 12,561 times, and organizations in Cluster II, whether IGO or NGO, 6,573 times.
- These 993 bodies cite other organizations, of whatever cluster, a total of 23,992 times, for an average of 24.16 citations per organization.
- Cluster I organizations, whether IGO or NGO, register a total of 28,449 citations from IGOs. This is an average of 2.3 citations to each organization in Cluster I.

For information on organization types, see Appendix "Types of organization". For further detail on citations between types see Figures 3.1.1. and 3.2.1.

Note that the total number of citations given in this table may differ from the totals given in other tables due to intervening editorial work.
