

### Figure 0.3.5. Current overview Links from intergovernmental organizations (IGOs) by paragraph: 2003

This table indicates the total number of instances that intergovernmental organizations (IGOs), grouped by cluster, cite other organizations (whether IGO or NGO) of the same or another cluster. The types allocated to each cluster are as follows:

Cluster I (International organizations): Types A B C D F  
 Cluster II (Dependent organizations): Types E K R  
 Cluster III (Organizational substitutes): Types S T  
 Cluster IV (National organizations): Types G N  
 Cluster V (Dead, inactive and unconfirmed bodies): Types H J U

The citations are counted by the paragraph in which they appear. The column headings used in this table are abbreviations of the paragraph headings used in the organizations' description entries. The full paragraph headings are as follows:

FOU = Founded      FIN = Finance      CON = Consultative Status  
 AIM = Aims      ACT = Activities      IGO = IGO Relations  
 STR = Structure      PUB = Publications      NGO = NGO Relations  
 STA = Staff      MEM = Members

For further information see the Appendix "Contents of organization descriptions".

For example:

- In the "Founded" paragraphs of Cluster I IGOs there are 1,838 citations to other organizations (of any type or cluster).
- In the "Structure" paragraphs of Cluster II IGOs there are 714 citations to other organizations (of any type or cluster).
- There is a total of 8,916 citations in the "Founded" paragraphs of IGOs.
- The 993 IGOs in Cluster I cite other organizations (of any type or cluster) a total of 23,992 times. This is an average of 24.16 citations per body.

For information on organization types, see the Appendix "Types of organization". For further detail on citations between paragraphs, see Figure 3.1.2.

Note that the total number of citations given in this table may differ from the totals given in other tables due to intervening editorial work.
