A man who has humility will have acquired in the last reaches of his beliefs the saving doubt of his own certainty. (*Walter Lippmann*).

If life were eternal all interest and anticipation would vanish. It is uncertainty which lends its fascination. (*Yoshida Kenko*).

There is one thing certain, namely, that we can have nothing certain; therefore it is not certain that we can have nothing certain. (*Samuel Butler*).

We can be absolutely certain only about things we do not understand. (*Eric Hoffer*).

Diffidence is the better part of knowledge. (*Charles Caleb Colton*).

The quest for certainty blocks the search for meaning. Uncertainty is the very condition to impel man to unfold his powers. (*Erich Fromm*).

Convictions are more dangerous enemies of truth than lies. (*Nietzsche*).

In this unbelievable universe in which we live, there are no absolutes. Even parallel lines, reaching into infinity, meet somewhere yonder. (*Pearl S Buck*).
