

Figure 3.2.1. (d) Links between organizations
Links between clusters of international organizations: 1988-2002

These charts indicate the total number of instances that international organizations of a given cluster are linked to those of another cluster based on citation frequency. See notes to Figure 3.2.1 (a) for further guidance on types of organization and citations by types. This figure is reprinted from the previous year (Ed 40, 2003-2004).
