This table indicates the total number of instances that intergovernmental organizations (IGOs), grouped by cluster, cite other international organizations, whether intergovernmental (IGO) or non-governmental (NGO), of the same or another cluster. The organization types allocated to each cluster are as follows:

 Cluster V (Dead, inactive and unconfirmed bodies): Types H J U

For example:

- There are 973 IGOs included in Cluster I. They cite other organizations in Cluster I, whether IGO or NGO, a total of 12,469 times, and organizations in Cluster II, whether IGO or NGO, 6,537 times.
- These 973 bodies cite other organizations, of whatever cluster, a total of 23,946 times, for an average of 24.61 citations per organization.

For information on organization types, see Appendix "Types of organization". For further detail on citations between types see Figures 3.1.1. and 3.2.1.

Note that the total number of citations given in this table may differ from the totals given in other tables due to intervening editorial work.
