

Figure 6.1.2. (b) Organization: structure and leadership
Frequency distribution of organization budget: 2005

These charts indicate the number of international organizations with an annual budget figure within a specific range. The first chart shows the budget of all organizations by clusters, the second indicates budgeted of intergovernmental and nongovernmental organizations. Only organizations whose descriptions in Volume 1 of this Yearbook series specify an annual budget figure are counted here. For the purposes of comparison all budget figures have been converted into Euros at exchange rates current in September 2006. For more information see the introductory notes to Figure 6.1.2. (a)
