

**Figure 2.1.18. (a and b) Geographic distribution
International meetings – number of meetings versus GNI: 2006**

(a) Countries hosting the most international meetings in relation to their gross national income (GNI). Countries with fewer than 5 meetings for 2006 and/or less than 1,2 meetings per \$US thousand million of GNI (2005) are excluded.

(b) Scatter distribution of countries hosting the most international meetings per capita GNI. Countries with fewer than 100 meetings and/or less than US\$ 500 per capita GNI are excluded. See Figure 2.1.13. for criteria for meetings considered in the sample.
