This table indicates the total number of instances that intergovernmental organizations (IGOs), grouped by cluster, cite other international organizations, whether intergovernmental (IGO) or non-governmental (NGO), of the same or another cluster. The organization types allocated to each cluster are as follows:

Cluster II (Dependent organizations): Types E K R
Cluster III (Organizational substitutes): Types S T
Cluster IV (National organizations): Types G N
Cluster V (Dead, inactive and unconfirmed bodies): Types H J U

For example:

- There are 964 IGOs included in Cluster I. They cite other organizations in Cluster I, whether IGO or NGO, a total of 12,442 times, and organizations in Cluster II, whether IGO or NGO, 6,046 times.
- These 964 bodies cite other organizations, of whatever cluster, a total of 23,798 times, for an average of 24.69 citations per organization.

For information on organization types, see Appendix "Types of organization". For further detail on citations between types see Figures 3.1.1. and 3.2.1.

Note that the total number of citations given in this table may differ from the totals given in other tables due to intervening editorial work.
