Growth in participation in international organizations of Cluster I by continent: 1956-2004

These figures show country participation in international organizations of Cluster I (types A, B, C, D and F) by continent over the past quarter century. Separate columns are given for intergovernmental organizations (IGOs) and international nongovernmental organizations (NGOs). Fitted curves are exponential. For information on types of organization, see Appendix: "Types of organization". This figure is reprinted from last year (Ed.44, 2007-2008)
