Change in number of secretariats of international NGOs of types A-F: 1997 and 2007

This table gives the population and number of international organization secretariats - NGOs of types A to F - for a given country for the years 1997 and 2007. These are the principal secretariats (headquarters, main office) of the organisation. Secondary (including regional) secretariats are not included. The table also indicates the expansion or contraction in the number of NGO secretariats by country over the decade, and the number of secretariats per 1 million of population for both years.

Source of population: U.S. Bureau of the Census International Data Base. United States Department of Commerce. IDB Data Access: <http://www.census.gov/ipc/www/idb/tables.html>. For information on types of organization, see Appendix "Types of organization".
