

Figure 4.1.2. Subjects
Number of international organizations by subject groups: 2007

This table indicates the total number of entries (organizations) allocated to each detailed subject category. Totals are given for each level of the matrix (see Figure 4.1.1.), and the position of each matrix cell is indicated in parentheses.. For each subject category is listed the number of organizations allocated to that category, based on keywords in the organization descriptions in Volume 1. A distinction is made between intergovernmental (IGO) and non-governmental (NGO) organizations, and the total is given.
