

Figure 4.1.3. Subjects
International organizations by regional field of activity: 2007

This table provides an indication of the pattern of relationships between regions and subjects.

Rows indicate subject categories according to the matrix (see Figure 4.1.1). In this table the subject categories are divided into 10 major groups, with each group corresponding to a row of the matrix and indicated by the matrix row's 2-digit code. For each subject category, the first line indicates the number of intergovernmental organizations (IGO) active in that domain; the second line indicates the number of non-governmental organizations (NGO); the third line is the total number of organizations active in that domain.

Columns indicate the number of organizations with activities in specified regions or regional groupings of countries as defined by the classification system used in this volume and as determined by key words in the organization descriptions included in Volume 1. In the last column, 'IGOs', are found the number of intergovernmental organizations with activities related to the subject area *in any or all regions*.

Note that the rows of totals given at the end of each major group of the matrix (e.g. after 'Cosmosphere') do not take into account the fact that an organization may be listed under more than one sub-region. For example, it is possible that an organization is totalled under both the 'America' column and the 'Central America' column.

It should be noted that, as the classification of many of these categories depends to a large extent on manual editorial intervention, care should be taken in comparing the figures from one year to another.
