

### Figure 5.1.3. Organizations: population Foundation countries of international organizations: 2008

The total number of organizations founded in a specified country is given here. Countries are listed in alphabetical order. Only those countries in which a total of at least 10 international organizations have been founded are listed here. Note that the country in which an organization is founded does not always reflect the country in which its secretariat is located.

For each country, the total number of organizations founded within the decades indicated is listed. If an organization's foundation date is not known, it is counted in the row labelled "not known". If the country in which an organization was founded is not known, it is not counted here. For details per year, see Figure 5.1.1.

Only totals by cluster and for the whole are given here. Breakdowns are given for intergovernmental organizations ("IGO") and for non-governmental organizations ("NGO"). See Figures 1.1.1a and 1.1.1b for more information on types of organization and clusters of types.

Note that, especially for recent years, figures are provisional, according to the information available at the time of printing.
