## Notes to the user

To find the description of an organization in the Yearbook:

– **If you know the name or abbreviation of the organization:**

Locate the organization in the alphabetic sequence in Volume 1. All names in all official languages and abbreviations are included in the alphabetic sequence. Note that the alphabetic sequence does not take account of prepositions or articles.

You may find the name in the form of a cross-reference to the sequence number where the description is given. The sequence number follows the alphabetic order.

– **If you know keywords in the name of the organization:**

Consult the index in Volume 3. It will refer you to the sequence number of the description in Volume 1.

– **If you know the field in which the organization is active (e.g. its aims or activities):**

Consult the classified list of organizations by subject in Volume 3. It will refer you to the sequence number of the description in Volume 1.

– **If you know where the organization is located, or where it has members:**

Consult the listing of organizations by country in Volume 2. This will refer you to the sequence number of the description in Volume 1.

– **If you know the name of the principal officer of the organization:**

Consult the officer's biographical description in Volume 6. This will refer you to the sequence number of the description in Volume 1.

– **If you know the name of another organization that has a formal relationship with the one you want:**

The description of the other organization in Volume 1 will refer you to the sequence number of the description of the organization you want in Volume 1.

Note that, due to the limitations of printing and binding, this volume does not include full descriptions of all organizations. All descriptions can be found in the on-line version.

## Notes pour l'utilisateur

Pour trouver la notice descriptive d'une organisation:

– **A partir du nom (ou de son abréviation):**

Consultez d'abord la séquence alphabétique du volume 1. Les noms et abréviations y sont repris dans toutes les langues officielles. Vous constaterez que la séquence alphabétique ne tient pas compte des prépositions et articles. Le nom que vous recherchez peut vous renvoyer à un numéro de séquence sous lequel est reprise la notice descriptive de l'organisation. La numérotation suit l'ordre alphabétique.

– **A partir d'un mot clé:**

Consultez l'index dans le volume 3 qui renvoie au numéro de séquence de la notice descriptive dans le volume 1.

– **A partir d'un sujet ou d'une matière spécifique:**

Consultez la liste classifiée par sujet dans le volume 3. Cette liste renvoie au numéro de séquence de la notice descriptive du volume 1.

– **A partir d'un pays:**

Consultez la liste par pays de secrétariat et de membrariat dans le volume 2. Cette liste renvoie au numéro de séquence de la notice descriptive du volume 1.

– **Si vous connaissez le nom du responsable principal de l'organisation:**

Consultez la description biographique du responsable dans le Volume 6. Celle-ci vous dirigera vers le numéro de séquence de la description dans le Volume 1.

– **A partir d'une organisation en relations officielles avec celle que vous cherchez:**

La description de la première dans le volume 1 vous donnera le numéro de notice de la deuxième dans ce même volume 1.

A noter qu'à la suite de limitations d'impression et de reliure ce volume ne comprendra pas toutes les descriptions détaillées de toutes les organisations. Toutes les descriptions sont reprises dans la version on-line.

## Codes used

### Number codes

Organization descriptions are numbered sequentially (e.g. •00023) following the alphabetical order. It is this number that is used in any cross-reference or index referring to the entry (e.g. •00023). Organizations are renumbered sequentially for each edition. The number is therefore not a permanent reference point from one edition to the next. The permanent number (e.g. B2345) by which organizations were ordered prior to the 29th edition now appears (for information only) at the end of the description. It continues to be used for computer-based editorial purposes.

### Letter codes in upper case

Organizations are coded by type, indicated by a single upper case letter printed in bold at the end of the description. In brief, these type codes have the following significance:

A = federations of international organizations  
B = universal membership organizations  
C = intercontinental membership organizations  
D = limited or regionally defined membership organizations  
E = organizations emanating from places, persons or other bodies  
F = organizations having a special form, including foundations, funds  
G = internationally-oriented national organizations  
H = inactive or dissolved international organizations  
J = recently reported or proposed international organizations  
K = subsidiary and internal bodies  
N = national organizations  
R = religious orders, fraternities and secular institutes  
S = autonomous conference series  
T = multilateral treaties and agreements  
U = currently inactive non-conventional bodies

For further information, see 1.3. "Types of organization".

### Letter codes in lower case

The type code may be preceded by a letter code printed in lower case. These codes have the following significance:

b = bilateral  
c = conference series  
d = dissolved, dormant  
e = commercial enterprise  
f = foundation, fund  
j = research institute  
n = has become national  
p = proposed body  
s = information suspect  
v = individual membership only  
x = no recent information received  
y = international organization membership

### Asterisks

- *Intergovernmental organizations*: An asterisk as the final code in the description indicates the organization is intergovernmental.
- *Translated organization names*: An asterisk following the name of an organization indicates a title that has been translated by the editors for the purposes of multi-lingual indexing.

## Codes utilisés

### Codes numériques

Les notices descriptives sont numérotées dans l'ordre séquentiel qui suit l'ordre alphabétique. Le numéro apparaît à la droite du titre de chaque notice (p.ex. •00023). Toute référence donnée renvoie exclusivement à ce numéro (p.ex. •00023). Cela a pour conséquence que chaque édition de l'Annuaire a sa numérotation propre. Le numéro n'est donc plus permanent, faisant un lien entre les différentes éditions. Le numéro permanent de référence (p.ex. B2345) qui était propre à chaque organisation jusqu'à la 29ème édition apparaît désormais (à titre d'information) à la fin de la description. Il continue à être utilisé pour des raisons de facilité d'ordre interne.

### Codes alphabétiques: lettres majuscules

Les organisations sont codifiées par catégorie à l'aide d'une lettre majuscule en caractère gras, apparaissant à la fin de la notice descriptive. Voici leur signification:

A = fédérations d'organisations internationales  
B = organisations à membrariat universel  
C = organisations à membrariat intercontinental  
D = organisations à membrariat limité ou régional  
E = organisations émanantes de lieux, de personnes ou d'autres organes  
F = organisations ayant une forme particulière, y compris fondations, fonds  
G = organisations nationales à orientation internationale  
H = organisations internationales dissoutes et inactives  
J = organisations internationales récemment rapportées ou proposées  
K = organes subsidiaires et internes  
N = organisations nationales  
R = ordres religieux, fraternités et instituts séculaires  
S = séries de conférences autonomes  
T = traités et accords multilatéraux  
U = organes non-conventionnels momentanément inactifs

Voir aussi 1.3. "Types d'organisation".

### Codes alphabétiques: lettres minuscules

Le code de la catégorie peut être précédé par une ou deux lettres minuscules. Voici leur signification:

b = bilatérale  
c = série de conférences  
d = inactive, dissoute  
e = entreprise commerciale  
f = fondation  
j = institut de recherche  
n = devenue nationale  
p = organisation en projet  
s = information suspecte  
v = membres individuels seulement  
x = aucune information récente  
y = ayant comme membres des organisations internationales

### Astérisques

- *Organisations intergouvernementales*: Un astérisque à la fin de la description indique la nature intergouvernementale de l'organisation.
- *Traduction du nom d'organisation*: Le titre d'une organisation suivi d'un astérisque indique que la traduction de ce titre a été faite par la rédaction pour l'indexation multi-lingue.

### Names of countries

The names of countries given in each entry or in the index may not be the complete official names of those countries as abridged names are used to simplify consultation. In a few cases, such as in the description of an organization's history, it has been considered appropriate to leave the old form of a country's name.

## Geographical names

It is not the intention of the editors to take a position with regard to the political or diplomatic implications of geographical names or continental groupings used.

The geographical names used in this publication are chosen for the sake of brevity and common usage. Wherever possible, the country (or territory) name preferred by the organization concerned is used, providing this is possible within the limits of standardization required for mailing or statistical purposes. It is important to note that some organizations insist on the inclusion of territories on the same basis as countries, or on the inclusion of countries or territories that are not recognized by other organizations.

Political changes over the years may lead to some questions in an organization's description. Briefly: countries referred to in an organization's description retain their old form when referring to a date prior to the change – for example, towns referred to in events prior to 1991 still retain their country as German DR (Democratic Republic) or Germany FR (Federal Republic), while subsequent dates refer simply to Germany.

Exec Dir	directeur exécutif
Exec Sec	secrétaire exécutif
Gen Sec	secrétaire général
Hon Sec	secrétaire honoraire

### Formes d'organisation

NGO	Organisation non-gouvernementale
IGO	Organisation intergouvernementale

### Noms de pays

Les noms des pays apparaissant dans chaque notice ou dans l'index ne correspondent pas toujours exactement à l'appellation officielle de ces pays. Des abréviations ont été utilisées pour faciliter la lecture. Dans quelques cas, par exemple dans la partie historique, il a été jugé préférable de conserver l'ancien nom du pays cité.

## Les noms géographiques

Il n'entre pas dans les intentions des éditeurs de prendre position au regard des implications politiques ou diplomatiques résultant du choix et de l'utilisation des noms géographiques ou de groupements continentaux.

Le choix des noms géographiques – pays ou territoires – dans cet ouvrage est fait en fonction de leur brièveté et de l'usage commun. Dans la mesure du possible, c'est le nom tel qu'adopté par l'organisation qui est retenu, mais seulement dans les limites d'une normalisation nécessaire pour les services postaux ou les statistiques. Il est important de rappeler que certaines organisations insistent sur l'inclusion de territoires au même titre que les pays ou sur l'inclusion de pays et de territoires qui ne sont pas reconnus comme tels par d'autres organisations.

Les changements politiques au cours des années peuvent poser de questions pour la description des organisations. En résumé: les pays mentionnés dans la description d'une organisation ont gardé leur ancienne appellation dans le cas où l'on se réfère à une date antérieure au changement – par exemple, la section "Events", qui concerne le passé, conserve la vérité historique de la division de l'Allemagne d'avant 1991. Dans les adresses, les pays sont mentionnés sous leur nouveau nom.

## **Warning**

### **Coverage**

The Yearbook attempts to cover all "international organizations", according to a broad range of criteria. It therefore includes many bodies that may be perceived as not being fully international, or as not being organizations as such, or as not being of sufficient significance to merit inclusion. Such bodies are nevertheless included, so as to enable users to make their own evaluation in the light of their own criteria. See 1.3. "Types of organization" for further information.

### **Sources**

The descriptions of organizations in this Yearbook are based on information received from a variety of sources. Priority is normally given to information received from the organizations themselves, and every effort is made by the editors to check this information against other sources (periodicals, official documents, media, etc.). Organizations may over time change their purpose or characteristics. The editors therefore use information from a variety of sources to present the most appropriate static picture of what is essentially a dynamic situation. See 10.3. "Editorial problems" for further information.

### **Reliability of sources**

Because an organization's view of itself has been given priority, and because secondary sources confirming this view are not always available or reliable, the editors cannot take responsibility for any resulting inaccuracies in the information presented. The editors apologize for any inconvenience this might cause the user. See 10.3. "Editorial problems" for further information.

### **Censorship**

Users should be aware that the editors are subject to pressure from some international bodies to suppress certain categories of information. In most cases, the editors resist these pressures; in some cases, the entry is reworded to respect the concern of the body in question. No entries have been eliminated as a result of such pressure. See 10.3. "Editorial problems" for further information.

### **Evaluation**

The final evaluation of the information presented here must be left to the users of this volume. See 10.2. 1.3. "Types of organization", "Contents of organization descriptions", and 10.3. "Editorial problems and policies" for further information.

## **Avertissement**

### **Contenu**

L'objectif du *Yearbook of International Organizations* est de couvrir tous les types d'organisations internationales, à partir d'un large éventail de critères. On peut donc y trouver des organismes qui, selon certaines définitions plus étroites, n'y auraient pas place – pas assez "internationaux" par exemple, ou pas une "véritable" organisation, ou d'importance trop réduite. Voir aussi 1.3. "Types of organization".

### **Sources**

La description des organisations telle qu'elle est présentée dans ce Yearbook est basée sur un ensemble de sources différentes. Priorité est normalement donnée à l'information reçue des organisations elles-mêmes, et en même temps tous les efforts sont faits par la rédaction pour contrôler cette information à l'aide d'autres sources (périodiques, documents officiels, médias, etc). Il peut arriver, qu'au courant des années, des organisations modifient leurs objectifs ou changent leurs caractéristiques. Les rédacteurs du *Yearbook* recueillent des informations auprès de multiples sources afin de présenter de façon appropriée, mais inévitablement statique, la physionomie d'une situation essentiellement dynamique. Voir aussi 10.3. "Editorial problems".

### **Fiabilité des sources**

Quoiqu'il en soit, l'évaluation finale de l'information présentée incombe à l'utilisateur qui l'établira à la lumière de ses critères personnels. La rédaction décline toute responsabilité pour les inexactitudes qui se glisseraient dans l'information présentée et s'excuse des inconvénients qui pourraient en découler pour l'utilisateur. Voir aussi 10.3. "Editorial problems".

### **Censure**

Peut-être est-ce le lieu de rappeler ici que, en ce qui concerne certaines catégories d'information, la rédaction du *Yearbook* est l'objet de pressions de la part d'organisations qui en demandent la suppression. Dans la plupart des cas, la rédaction du *Yearbook* résiste à de telles pressions. Sinon, mention est faite de la préoccupation de l'organisation concernée. Aucune notice n'a été éliminée du fait d'une quelconque pression. Voir aussi 10.3. "Editorial problems".

### **Evaluation**

L'évaluation finale de l'information présentée dans ce volume est laissée aux utilisateurs. Voir aussi 1.3. "Types d'organisation", 10.2. "Contenu des notices descriptives", et 10.3. "Politique rédactionnelle".
