

**Figure 8.1.**  
**Birth dates of international organization officers**  
*Edition 47, 2010/2011 (data collected in 2009)*

This figure gives the total number of biographees born in a given year. Only the 2,667 biographees whose year of birth is known to the editors, and whose death has not been reported to the editors, are included here. In other words, it is assumed that this figure includes only living persons.

Breakdowns are given for male and female biographees; however, because gender is not always known to the editors, the figure given in the column "Total" may be greater than the sum of the columns "Men" and "Women". Totals are also given by decade.

This figure also gives the total number of organizations (from Volume 1 of this Yearbook) listed in the entries of these biographees.

It should be noted that the figures in this figure are derived from information provided by the biographees themselves; according to general policy, the editors took people at their word and made no effort to check the accuracy of the claims.
