Tools for NGOs

from the Union of International Associations *100 years of knowledge and experience*

Yearbook of International Organizations

The *Yearbook of International Organizations* contains information on over 65,000 international organizations active in all fields of human endeavour, in all corners of the world, and over centuries of history. Read about other organizations working in your field or in your region, learn about their history and their activities, find out who they work with, and get their addresses. Available online and as books.

International Congress Calendar

The *International Congress Calendar* contains information on over 380,000 international meetings. Find out what events – past and future – are being held in your field or in your region. Available online, in pdf, and on paper.

Customized Directories

We can produce customized directories – “mini Yearbooks” and “mini-Calendar” – containing information only on the organizations and meetings of interest to you. You can select organizations on the basis of location of secretariat or members, main fields of activity, type of organization, or links with a specified organization. You can select meetings on the basis of location, date, subject or organizers. You can also select a combination of organization and meeting criteria.

Customized Address Lists

We can produce customized address lists of the organizations of interest to you. You can select by the same criteria as for customized directories.

Data-streaming

We can give you the information you need on organizations and their meetings in constantly up-to-date live data feeds. Tell us what information you want from our databases and we provide it. Continuously.

Keynote Listening

Our keynote listeners create at-a-glance, photographable summaries of meetings and conferences in progress. As they speak, participants see their contributions being woven into a picture of the whole, a picture which provides both instant feedback during the discussion and a unique record afterwards.

Encyclopedia of World Problems and Human Potential

Read descriptions and explore links between the problems perceived by international organizations, the strategies and solutions proposed, and the values and approaches behind them. Available online.

And more...

A bibliography of studies on international non-profit organizations and transnational activity, and of publications of international organizations. Statistical summaries and presentations on international organizations and their meetings. Biographies of principal officers of international organizations. Original sources on the development of civil society.
