

Section 9: Table 3.3. Ten year review

Top 10 international meeting countries and cities in 1997-2006

This table lists the 10 countries and the 10 cities with the greatest number of meetings of type A for each of the years from 1997 to 2006.

Meetings counted under the heading “A” are “Meetings of international organizations” and meet all the following criteria:

- meetings organized or sponsored by “international organizations”, i.e. international non-governmental organizations (INGOs) and intergovernmental organizations (IGOs) that are included in the UIA's *Yearbook of International Organizations* (see the Introduction “What is an ‘international organization’”) and whose details are subject to systematic collection and updates on an annual basis by the UIA
- with at least 50 participants, or number of participants unknown.

Caveat: When comparing consecutive years in flux, it should be remembered that both years' totals can be expected to change over time, the latest slightly more rapidly than the older. For the years presented here, the data can be assumed to be now reasonably stable.
