

**Figure 7.9.**  
**Number of languages used by international organizations**  
*Edition 55, 2018/2019 (data collected in 2017)*

This table gives the number of international organizations whose descriptions in Volume 1 of this Yearbook series specify the number of languages used, whether officially or informally. If no language is specified in the organization's description, then that organization is not included in this table.

At the beginning of the table is given the total number of organizations included in this table. This number may differ from that of the 7.2. due to intervening editorial work.

For each number, the first line indicates the number of intergovernmental organizations specifying the use of that many languages; the second line indicates the number of non-governmental organizations; the third line indicates the total number of organizations.

This table takes no account of language groups as described in 7.1. Index to languages.

The organizations are totalled by type, indicated by the letter code at the head of each column. See 1.3. Types of organization for more information on types and clusters.

In addition, totals are given at the end of each row by cluster. The organization types allocated to each cluster are as follows:

- Cluster I (International organizations): Types A B C D F
- Cluster II (Dependent organizations): Types E K R
- Cluster III (Organizational substitutes): Types S T
- Cluster IV (National organizations): Types G N
- Cluster V (Dead, inactive and unconfirmed bodies): Types H J U
