

Figure 8.3.
Citizenship of international organization officers
Edition 55: taken from Edition 54, 2017/2018 (data collected in 2016-2017)

This table gives the total number of biographees listed under the 120 countries indicated in the index by country of citizenship. Only the 1,232 biographees whose citizenship (or nationality) is known to the editors are included here.

Breakdowns are given for male and female biographees; however, because gender is not always known to the editors, the figure given in the column "Total" may be greater than the sum of the columns "Men" and "Women".

This table also gives the total number of organizations (from Volume 1 of this Yearbook) listed in the entries of these biographees.

It should be noted that the figures in this table are derived from information provided by the biographees themselves; according to general policy, the editors took people at their word and made no effort to check the accuracy of the claims.

See the introductory notes under "Geographical names" for further information on country names and continental groupings.
