## Section 1: Table 9.1.3.(a) Current year <br> Top cities for international association meetings in 2017: Type A

This table is extracted from Table 9.1.1. Please see the Introduction or the introductory notes to Table 9.1.1. for an explanation of the headings " $A$ " and " $A+B$ " and " $A+C$ ".

In this table, only the cities with at least 30 meetings of type $\mathbf{A}$ are included. Details of other cities can be found in Table 9.1.1. The total meetings of all cities, as listed in Table 9.1.1., is used to calculate the percentages.

Cities are listed in descending order of the total number of meetings of type A.

Caveat: It should be remembered that the number of meetings in the database for the current reporting year will, on average, increase by about $11 \%$ over the next year, and by about $34 \%$ over the following five years.

## Section 1: Table 9.1.3.(b) Current year <br> Top cities for international association meetings in 2017: Types $A+B$

This table is extracted from Table 9.1.1. Please see the Introduction or the introductory notes to Table 9.1.1. for an explanation of the headings " $A$ " and " $A+B$ " and " $A+C$ ".

In this table, only the cities with at least 30 meetings of types A+B together are included. Details of other cities can be found in Table 9.1.1. The total meetings of all cities, as listed in Table 9.1.1., is used to calculate the percentages.

Cities are listed in descending order of the total number of meetings of type $A+B$.

Caveat: It should be remembered that the number of meetings in the database for the current reporting year will, on average, increase by about $11 \%$ over the next year, and by about $34 \%$ over the following five years.

| Ranking | City | Types total | A+B" meetings as \% of world |
| :---: | :---: | :---: | :---: |
| 1 | Singapore, Singapore | 877 | 8.5 |
| 2 | Brussels, Belgium | 763 | 7.4 |
