

Figure 3.23.**Cities in which non-governmental organization headquarters are located, ranked by continent***Edition 57, 2020/2021 (data collected in 2019)*

This table lists cities, within continental groupings, in descending order of the number of international non-governmental organizations of Types A to D in this edition of the Yearbook series with a principal secretariat located in that city. See 1.2. "Geographical names" for further information on country names and continental groupings.

Only cities with principal secretariats of at least 10 nongovernmental international organizations classified as Types A to D are included here. Only principal secretariats are included.

See 1.3. "Types of organization" for more information on organization types.

In addition, totals are given at the end of each row by cluster. The organization types allocated to each cluster are as follows:

Cluster I (International organizations): Types A B C D F

Cluster II (Dependent organizations): Types E K R

Cluster III (Organizational substitutes): Types S T

Cluster IV (National organizations): Types G N

Cluster V (Dead, inactive and unconfirmed bodies): Types H J U

For a detailed analysis per city and per organization type, see Figure 3.17.
