

Figure 3.8.
Country participation in international organizations by geographical groups
Edition 57, 2020/2021 (data collected in 2019)

This table lists, for different continents, regions and other groups of countries and territories, the total number of organizations listed in this Yearbook series which have members in countries or territories included in that group, whether directly or through the presence of members in those countries or territories. See 1.2. "Geographical names" for further information on country names and continental groupings.

For each group of countries and territories, the first line of totals indicates the number of intergovernmental organizations (IGOs) with members in that region or group; the second line indicates the number of international non-governmental organizations (NGOs) with members in that region or group; the third line indicates the total number of organizations, both intergovernmental or non-governmental with members in that region or group.

The organizations are totalled by type, indicated by the letter code at the head of each column. See 1.3. "Types of organization" for more information on organization types.

In addition, totals are given at the end of each row by cluster. The organization types allocated to each cluster are as follows:

- Cluster I (International organizations): Types A B C D F
- Cluster II (Dependent organizations): Types E K R
- Cluster III (Organizational substitutes): Types S T
- Cluster IV (National organizations): Types G N
- Cluster V (Dead, inactive and unconfirmed bodies): Types H J U

For a detailed analysis per country and per organization type, see Figure 3.1.
